It is fun to make pancakes!

Step 1: Get a box of dry pancake mix. Take a cup of milk and an egg, and add them to the mix.

4

Step 2: Blend the mix well. You cannot quit until the mix has no lumps. This can take a lot of blending!

6

Step 3: Put dollops of the mix into a hot pan. The mix will flatten in the pan. Be safe! It is hot!

8

Step 4: Lift the edge of a pancake to check if the bottom is tanned. If it is, flip all the pancakes. This can make a mess, so getting help is the best plan!

10

Step 5: Take the pancakes off the pan, and put them onto a plate.

12

The last step is to add toppings. Lots of toppings go well with pancakes!

14

Try them! Yum, yum!
