

EclipseUS™ MSO

Use Rates:

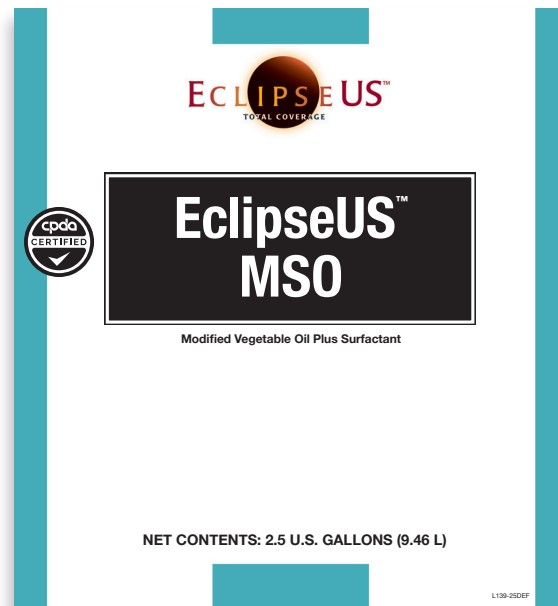

20 - 24 fluid oz per acre

Packaging:

2 x 2.5 gallons per case
250 gallon mini-bulk

Use With:

Oil-soluble pesticide formulations or tough weather conditions

EclipseUS™ MSO improves pesticide performance by increasing penetration of the leaf cuticle. This methylated soy-oil blend is designed to be effective on a wide variety of weed species and in a wide range of weather conditions.

Why EclipseUS MSO works better:

- Superior crop safety for limited crop stress
- Does not require heated storage
- Safe to use; will not deteriorate sprayer hoses or equipment

EclipseUS is a trademark of Direct Enterprises
