

## EclipseUS™ ADA

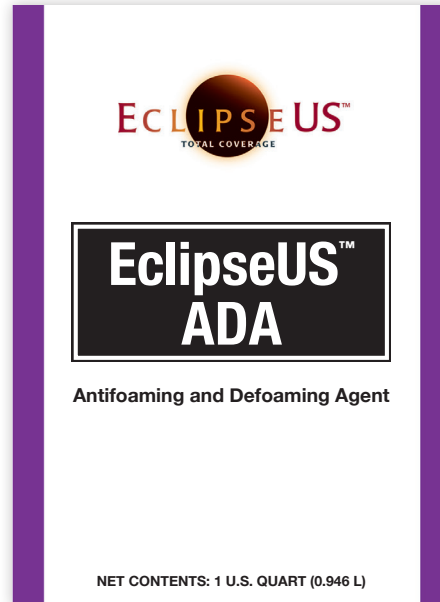

**Use Rates:**

**Foam Prevention:** 1-2  
fluid oz per 100 gallons

**Defoaming:** 2-4 fluid  
oz per 100 gallons

**Packaging:**

12 x 1 quarts per case

**EclipseUS™ ADA** is an antifoaming and defoaming agent that suppresses foam build-up while mixing and dissipates established foam. This superior formulation works in a wide range of pesticide and fertilizer tank mixes.

**Why EclipseUS ADA works better:**

- Excellent foam suppression prevents foam build up throughout the mixing and application process
- Works quickly to save time and money
- Effective in a wide range of tank mixes including UAN fertilizer applications
