MARKET INTELLIGENCE

Our job is very simple. We exist solely to make you more successful and we recognise that absolutely. From running our own retail and foodservice outlets, our HQ Deli and our Deli-Bistro, The Potting Shed in Poundbury, we've learnt a huge amount first-hand about how to integrate our lines into everything we do and we'd love to share any and all of those insights with you. We know what the top sellers are in every sector we work in which is invaluable when putting ranges together. Better still, come and see us so we can share first hand. We really love to host.

SUPPING SHRUB

Grown in Dorset

sup (verb)
take (drink or
liquid food) by
big sips or full
spoonfuls

shrub (noun)
a drinking apple
cider vinegar
infused with fruit
& other
botanicals

We make Supping Shrub with unpasteurised, single estate, Dorset grown apple cider vinegar. Simply steeped with fruit, botanicals and a touch of honey.

Shrub is a grown-up drink. Non-alcoholic, not too sweet and no refined sugars. Dilute to taste. We recommend serving over ice with sparkling water for a refreshing pick me up. Not only are they delicious to drink, they can be used as a base for a salad dressing or tasty marinade.

Try deglazing a pan you've just cooked a steak in with a little splash before pouring the residual juices back over the resting meat, delicious. Perk up your gravy with a fruity, acidic lift. A couple of splashes on a fruit salad really makes it sing and dance.

Endless possibilities.

House Extra Virgin Olive Oil Exceptional Oil from Ancient Trees

A truly wondrous Single Estate blend of 3 Olive varieties: Hojiblanca, Arbequina and Manzanilla Cascareña. Fruity, mildly peppery with aromas of Tomatoes and Lemons.

Crafted from the fruit of 200 year old trees by our great friend Fernando Sanchez Mohino y Arias at Naturvie in Extremadura, this oil is wonderful for retail or table service.
