## THE POTTING SHED RULES. OK?

*The Potting Shed was created by Olives Et Al in 2008 and is operated by us to this day. Our aim is to showcase a little of what we're all about: great food, great people and great company.*

*As ever, we're offering our take on dishes inspired by places where the olive tree grows but with our own Potting Shed twist and true Olives Et Al Mediterranean style albeit with a short but tight and ever evolving menu. We use as many of our own products as possible across the menu and if you'd like any recipes for any of the dishes so you can recreate them at home then do ask us.*

*Our service ethos remains welcoming, warm and friendly - if you don't find us as you'd like us to be then please do say something. Our tables inside are limited and we are operating a booking system for these wherever possible.*

*If you're not happy with anything, however minor, then please tell us while you are still here - we won't bite and we can always put things right if we know.*

*Equally, if you like what we're doing and have enjoyed your experience, please tip exceedingly generously and spread the word...*
