

# SUNSPOT 90

## NONIONIC SURFACTANT / HUMECTANT

### PRINCIPAL FUNCTIONING AGENTS

A proprietary blend of nonionic surfactants and humectants .....	90%
Constituents ineffective as a spray adjuvant.....	10%
TOTAL.....	100%

All ingredients are exempt from tolerance under 40 CFR 180.

## KEEP OUT OF REACH OF CHILDREN

Avoid contact with skin, eyes or clothing. Do not take internally. Do not eat, drink, smoke or chew gum while using this product. Wash thoroughly with soap and water after handling.

**Personal Protective Equipment:** Wear chemical-resistant eyewear and gloves, long-sleeve shirt and pants and shoes and socks.

### FIRST AID

Have the product container with you if calling a poison control center or doctor or going for treatment.

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing.

**IF ON SKIN OR CLOTHING:** Wash with plenty of soap and water for several minutes.

**IF SWALLOWED:** Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water.

**IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing.

**NET CONTENTS:** 1 U.S. PINT (0.47 L)

### DISTRIBUTED BY:

Del Sol LLC, 2226 N. Coast Hwy #1009, Newport, OR, 97365  
541-272-3126

### GENERAL INFORMATION

The surfactant system in SUNSPOT 90 is engineered to provide the superior wetting ability necessary to carry and spread the active ingredient throughout the intended target. SUNSPOT 90 increases the contact time between the pesticide and the target surface which improves penetration through a resistant or weather hardened cuticle and pesticide uptake to the mode of action site. SUNSPOT 90 helps to slow drying time which allows the active ingredient to permeate through a waxy surface more effectively. SUNSPOT 90 is formulated with a defoaming agent to help control foaming during the mixing process. SUNSPOT 90 meets the requirements of most active ingredient manufacturers for a nonionic 90/10 surfactant, is compatible with most crop protection products, and is recommended for agricultural crops and non-crops.

### DIRECTIONS FOR USE

**Not for aquatic use.** Follow the directions on the most restrictive active ingredient label. Tank mixtures should only be applied within the label recommendations of every product in the tank mixture. **SUNSPOT 90 does NOT contain ammonium sulfate (AMS).** Use only if a nonionic surfactant (NIS) and humectant is allowed or not excluded on the label. If the user does not have experience with the mixture being applied, perform a jar test using the order and amounts in the mixture and perform a phytotoxicity test to ensure crop safety.

### Order of addition

Prior to mixing, fill the spray tank with half of the carrier.

Follow the W-A-L-E-S plan when adding herbicides to a tank mix.

1. Wettable Powders (WP) then Flowables (F, DF)
2. Agitate then add anti-foaming compounds, buffers
3. Liquid and Soluble products
4. Emulsifiable concentrates (EC)
5. Surfactants or other adjuvants

Add SUNSPOT 90 to the tank mix as the last ingredient.

### USE RATES

Application	Use rate (per 100 gallons of spray solution)
Herbicides	1 to 4 pints of SUNSPOT 90
Defoliants, desiccants	1 to 2 pints of SUNSPOT 90

Rates may be adjusted as appropriate for varying field conditions. Mature, weather hardened species may require the higher use rate for effective treatment.

### STORAGE AND DISPOSAL

**Storage:** Store in a cool, dry place. Store in original container only. Do not add anything to the container. Keep container tightly sealed when not in use. Do not store near fire, flame or other potential sources of ignition. Do not contaminate water, food or feed by storage or disposal of this product. **STORE BETWEEN 40° AND 90° F.**

**Disposal:** Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal if allowed by law. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrecycle.org](http://www.acrecycle.org). Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.

**WARRANTY STATEMENT:** DEL SOL LLC (DEL SOL) represents and warrants that its products are manufactured in accordance with the product's specifications and that its products, at the time of delivery to the purchaser, shall be free from all material defects. DEL SOL MAKES NO WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, CONCERNING THE PRODUCT, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE DISCLAIMED. FURTHER, IT IS UNDERSTOOD AND AGREED THAT DEL SOL'S LIABILITY SHALL NOT EXCEED THE RETURN OF THE AMOUNT OF THE PURCHASE PRICE PAID BY PURCHASER AND UNDER NO CIRCUMSTANCES SHALL DEL SOL BE LIABLE FOR SPECIAL, INDIRECT, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES. Products for which a warranty claim is made are to be returned transportation prepaid to Del Sol's production facility. Any use not in accordance with product directions and precautionary statements, and any modifications or additives to the products, or any adulteration, dilution or alteration by the purchaser shall void this warranty. No employee or representative of Del Sol is authorized to change this warranty in any way or to grant any other warranty.
