PROFESSIONAL CAR CARE

Nestled in the heart of California, U.S.A., NANOSKIN Car Care Products stands as a beacon of innovation in the world of professional automotive detailing and reconditioning. As a trusted name serving both domestic and international sectors, our mission is deeply rooted in delivering products of unparalleled quality. We don't just aim to meet the industry's standards; our goal is to redefine them. Our commitment to integrating advanced nanotechnology ensures that every bottle, every drop, represents the future of auto care. From efficient cleaning solutions to state-of-the-art surface treatments and reconditioning products, NANOSKIN promises an optimal blend of functionality and efficiency. For passionate car enthusiasts and professional detailers, this means a vehicle care experience that's not just about maintaining, but enhancing.

We specialize in pioneering auto detailing and reconditioning with a fresh and innovative touch:

Revolutionizing auto care with cutting-edge nanotech, ensuring optimal performance and impeccable finishes every time.

A trusted name in auto care. SM Arnold brings decades of experience and innovation to the table, ensuring a timeless shine.

Elevate detailing with Autoscrub—designed for precision, resulting in a pristine, mirror-like finish with minimal effort.

Dive into the future of auto detailing. Ultra Line offers the latest in car care, prioritizing unmatched quality and lustrous finishes.

Blackspeed transforms your ride, accentuating depth and shine. It's not just about looking good; it's about achieving the best.

New Products: Continually pushing boundaries. We're committed to pioneering fresh and innovative solutions in auto detailing and reconditioning.

Embrace the power of nature with Evergreen—combining eco-friendly solutions with high-end auto detailing efficiency.

NA-MHS14
13.53 Oz.

NA-MHS120
120oz.

All Natural Industrial Hand Cleaner **MAGIC HAND SOAP**

- Removes tough soils, motor oils, and inks; ideal for automotive and industrial settings
- Solvent-free with natural walnut scrubbers; USDA certified biobased, reducing soap use by up to 75%
- Simply apply, lather, and rinse for clean, residue-free hands

Solvents & Removers

See page 12 >

ZERO VOC URETHANE GRADE REDUCER

Use with Urethane Primers, Sealers, Topcoats and Clearcoats
Temperature range of 60-70°F (15-21°C)
Promotes Rapid Drying, Allowing for Faster Completion of Painting Projects
Reduces Dust or Debris Settling on Surface During Drying Process

Use with Urethane Primers, Sealers, Topcoats and Clearcoats
Temperature range of 65-80°F (18-27°C)
Reasonable Drying Time for Proper Leveling and Flow of Paint
Achieve Smooth, Professional-Looking Finishes with Ease

Use with Urethane Primers, Sealers, Topcoats and Clearcoats
Temperature range of 85-90°F (29-32°C)
For Smooth Flow & Leveling, Preventing Brush Marks & Roller Lines
Provides Ample Time for The Coating to Settle and Achieve a Smooth, Professional Finish

T1 ULTRA HYDROPHOBIC CERAMIC SERUM

T3 PROFESSIONAL ULTRA CERAMIC COATING

G5 PRO ULTRA GRAPHENE CERAMIC COATING

SiO2 Spray Sealants

See page 19 >

GRAPHENE CERAMIC DETAIL SPRAY

Fortified Graphene Quick Detailer

- Enhances Gloss, Slickness & Depth of Color
- Removes Light Dust and Fingerprints in Between Washes or As a Drying Aid
- Generates a Highly Hydrophobic Surface with Relentless Water Beading
- Extends Protection of Waxes, Sealants and Coatings
- Easy, Streak Free Finish – Safe on All Surfaces

GRAPHENE CERAMIC SPRAY COATING

Water Based Ceramic Coating Infused With Graphene

- Generates Extremely High Gloss and Strong Hydrophobic Properties
- For Detailers & Enthusiasts Looking for Easy and Longer-Term Protection
- Designed to Keep Most Exterior Surfaces Cleaner for Longer
- Astounding Shine and Lasting Protection for Paint, Metal, Plastic and Glass
- Delivers Relentless Water Beading and Chemical Resistance for Up to One Year

SiO2 Shampoos & Cleaners

See page 19 >

CRYSTAL WASH

SiO2 Fortified Hydrophobic Shampoo

- Wash & coat in one simple step
- Creates thick, clinging foam which rinses away to leave a hydrophobic finish
- Causes dirty water & contamination to bead away from treated surfaces
- Leaves behind an incredible slick, glass-like protection

Hybrid Suspension Dressing

Exterior Trim, Bumper & Tire Gel

SPEEDY SHINE

New Improved Formula

- Non-sling formula
- Imparts unbeatable gloss
- For exterior use only

3" SURFACE PREP PAD

COMBO PACK

Medium Grade + Fine Grade

- Lasts up to 2~3 times longer than clay bars
- For a flawless "show room perfect" shine
- Glides on & off easily for a slick finish
- If inadvertently dropped on shop floor, simply rinse clean

SURFACE PREP SPONGE

COMBO PACK

Medium Grade + Fine Grade

- Lasts up to 2~3 times longer than clay bars
- For a flawless "show room perfect" shine
- Glides on & off easily for a slick finish
- If inadvertently dropped on shop floor, simply rinse clean

BLACK SPEED: Accentuates Depth and Shine

[See page 38 >](#)

BLACK SPEED Long-Throw Random Orbital Polisher

- Powerful 750-watt, 7.5-amp motor
- 15mm/21mm long-throw orbit
- Premium BOSCH™ bearing construction
- Precision-machined counter-balance
- 5"/6" vented flexible urethane backing plate
- Orbits per minute: Min 2200, Max 4800
- Soft start trigger throttle
- 13-foot silicon-rubber 16 AWG power cord with cord support
- Rubber fore-grip, "Hexed" mid-body grips, and pistol grip
- Quick access brush side ports
- Includes Allen key wrench, replacement carbon brushes, washer modification, and grease tube Also includes right-angle handle & D-handle

Amazon's Choice

LACQUER THINNER [See page 12 >](#)

High-strength lacquer solvent for thinning and viscosity control; effective at cleaning solid paints from surfaces, removing stains from natural fibers, and dissolving resins from tools and auto parts. VOC compliant per CARB at 24 Grams/Liter.

TREE SAP REMOVER [See page 12 >](#)

Nanoskin Tree Sap Remover offers a fast-acting, effective solution to eliminate stubborn tree sap from vehicles. Safe on multiple finishes like paint, glass, and plastic, it ensures no damage or dullness. Simply apply with a microfiber cloth to remove sap, tar, bug residue, and more.

IRON FREE [See page 28 >](#)

Paint, Wheel & Glass Decontamination Fallout Remover

Safe pH-neutral formula designed for various finishes. Effectively removes fallout and brake dust, enhanced with corrosion inhibitor to combat acid rain effects. Its high-cling gel formula ensures thorough cleaning on vertical surfaces, with easy application and visual iron deposit removal.

CHERRY SUDS [See page 26 >](#)

Wash & Shine Shampoo

Highly concentrated shampoo, safe on various surfaces including paint and vinyl. It's pH balanced to preserve wax protection and is environmentally friendly with biodegradable ingredients. Produces stable foam for easy and effective cleaning on all exterior surfaces.

WET LOOK [See page 25 >](#)

VOC Tire Dressing

Nanoskin Wet Look offers a lasting shine on rubber and plastic. This solvent-based dressing restores and stays resilient against water. Dry-to-touch, it resists dust and comes with a pleasant grape scent. Easy to apply for radiant results.

BLUE DRESS [See page 24 >](#)

Premium Dressing

Nanoskin Blue Dress revitalizes both interior and exterior surfaces like tires, vinyl, and dashboard. It protects against harmful rays, prevents fading, and ensures a dry-to-touch finish. Easy to apply, its water-based silicone formula offers a glossy finish without attracting dust or dirt.

NON ACID [See page 28 >](#)

Non-Acid Wheel & Tire Cleaner

A concentrated formula with 4:1 dilution, ensuring efficient brake dust and stain removal. Its extreme "cling" foaming action ensures thorough cleaning on vertical surfaces. Safe on diverse finishes, it dissolves stubborn contaminations without caustic acids.

QUICK SHINE

Quick Detailer Spray

A versatile detailer spray providing deep shine and gloss. It safely removes contaminants, doubles as a clay lubricant, and offers multiple applications, from a wax booster to a drying aid. Ready-to-use on various surfaces, its high-lubricity formula ensures a quick, easy spray-on and wipe-off process for both exteriors and interiors.

ENZYME [See page 27 >](#)

Bio-Enzymatic Cleaner / Odor Eliminator

Designed to combat organic messes by breaking down and consuming molecules. Its multi-purpose formula tackles complex proteins, stains, and odors on various surfaces. Ideal for both professional and home use, it effectively removes foul odors without added fragrances. Ready-to-use, safe, and pH neutral, it's trusted by professionals and consumers alike.

SMA 65 Series Refinisher

Refinishers: Leather • Vinyl • Plastic • Carpet

Nanoskin Enzyme is a powerful multi-purpose cleaner, effectively breaking down organic molecules like blood and urine. Ideal for various surfaces, it combats dirt, grease, and stains while eliminating foul odors without added fragrances. Safe around children and pets, its pH-neutral, ready-to-use formula is trusted for its efficiency and safety.

[See page 51 >](#)

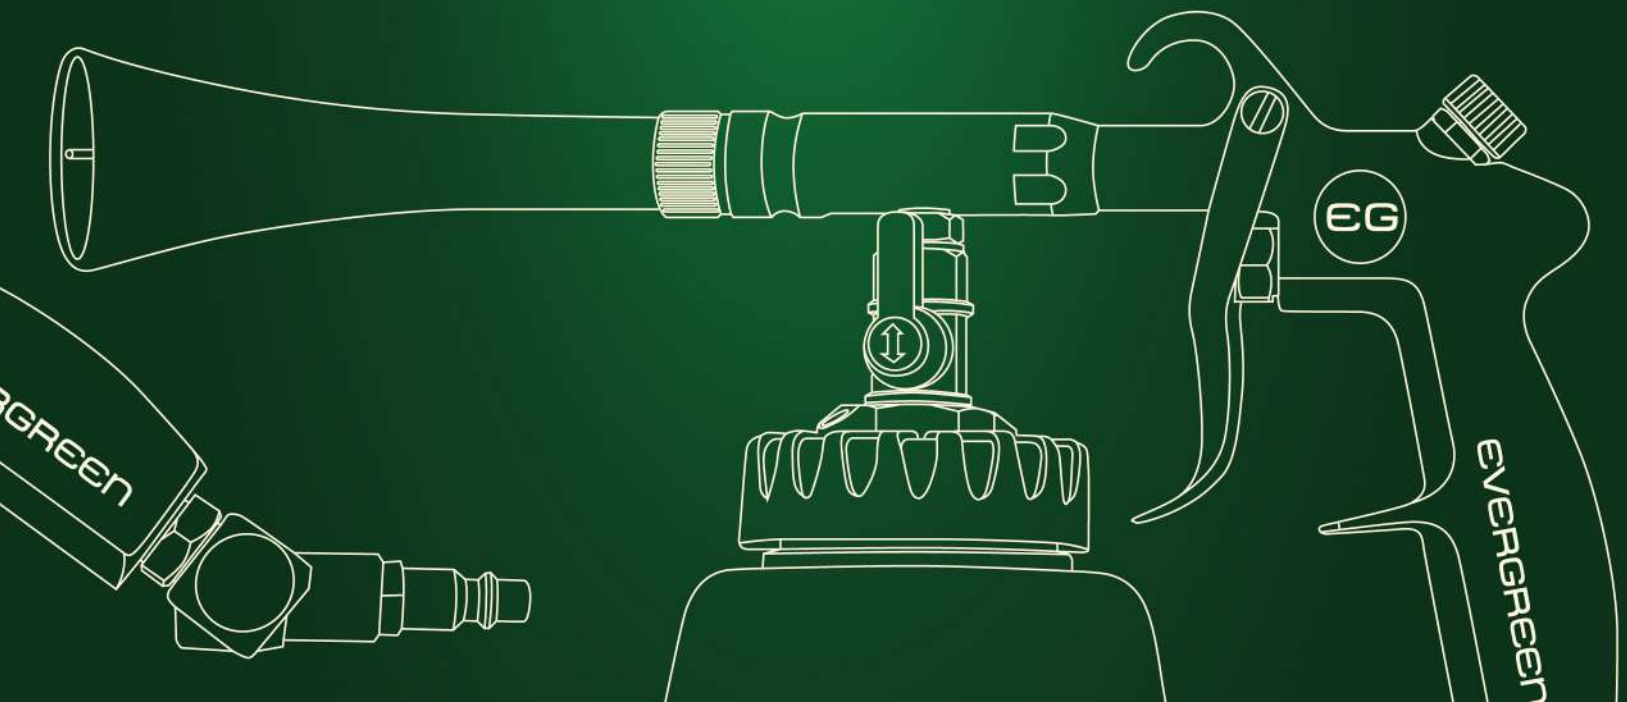

EVERGREEN[®]
ECO-FRIENDLY SYSTEM

CLASSIC TORNDO CLEANING TOOL

EG-1008

- Oscillating tip and cone nozzle enable powerful tornado cleaning across various surfaces
- Pressurized mist system ensures even application, lifting grime for quick wiping
- Versatile for both interior and exterior surfaces, ensuring rapid drying
- User-friendly dial with compatibility for 60-90 psi compressors simplifies cleaning

Covered under one or more of the following: U.S. patent 7,753,059

ALPHA DRY™

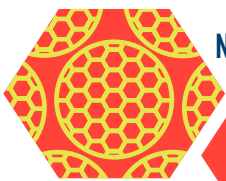

SEA-ISLAND SYNTHETIC CHAMOIS

THE NEXT EVOLUTION IN DRYING TECHNOLOGY.

- HOME • AUTO
- MARINE • AIRCRAFT

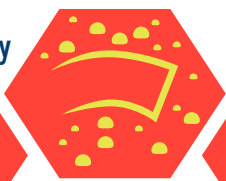

- ◆ **Ultra-absorbent Technology:** Experience the cutting-edge sea-island synthetic structure, designed to elevate absorption and maximize drying efficiency.
- ◆ **Streak-free Brilliance:** Say goodbye to water spots and streaks. ALPHA DRY ensures your surfaces shine with pristine clarity every time.
- ◆ **Durable & Versatile:** Crafted for longevity, this chamois is ideal for cars, bikes, windows, and more. One towel for countless applications.
- ◆ **Eco-friendly Choice:** Committed to the planet, ALPHA DRY is reusable, reducing waste. Moreover, its machine-washable design ensures a fresh start with every use. Directions for Use:

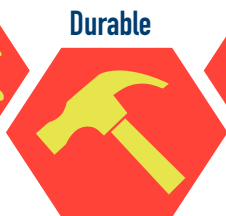

Ultra Absorbent

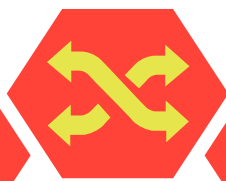

Nano Technology

Streak Free

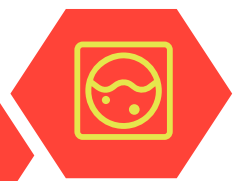

Durable

Versatile

Odor Control

Machine Washable

DIRECTION FOR USE

1. Preparation: Before your first interaction with ALPHA DRY, rinse it with clean water. This step ensures the removal of any residual manufacturing elements and primes the chamois for maximum absorbency. Wring out thoroughly to eliminate excess water.

2. Drying: For optimal drying, lay the chamois flat on the wet surface. Then, gently drag or pat it across, allowing the ultra-absorbent material to lift and absorb the moisture. The result? A clean, dry, and streak-free finish.

3. Re-use: As the chamois becomes saturated during your drying process, simply wring out the excess moisture to instantly resume its superior drying action.

4. Storage: After use, ensure the chamois is clean and free from debris. Store it slightly damp in its packaging or a sealed container. This keeps ALPHA DRY soft and ready for its next job.

Solvents & Removers

ZERO VOC URETHANE GRADE REDUCER

NA-IPR128-F-ZV
1 Gal.

NA-IPR640-F-ZV
5 Gal.

FAST

Use with Urethane Primers, Sealers, Topcoats and Clearcoats
Temperature range of 60-70°F (15-21°C)
Promotes Rapid Drying, Allowing for Faster Completion of Painting Projects
Reduces Dust or Debris Settling on Surface During Drying Process

Tar & Grease Remover TAR SOLVENT

- Removes tar and adhesive trim marks
- Safe to use on all paints and trim
- Small amount required to remove spots

When oil based, greasy, sticky stains happen, **NANOSKIN TAR SOLVENT** Tar and Grease Remover is the answer. This special blend of solvents will remove most oily stains with ease. In addition to gum, tar, and grease, this stain remover is excellent on crayon, lipstick, shoe polish, wax, inks, adhesives, glues and many other oil based stains.

NA-TSR32 32 Oz.

TREE SAP REMOVER

- A fast-acting tree sap remover
- Removes non water soluble tree sap from painted surfaces and glass
- Safe for paint

NANOSKIN TREE SAP REMOVER is formulated to remove non water soluble tree sap from painted surfaces and glass. A light wiping application of **TREE SAP REMOVER** will effectively remove stubborn tree sap. A great specialty product for final step detailing.

ACETONE

Serves as an important solvent in its own right
Typically for cleaning purposes
A common building block in organic chemistry

Acetone (systematically named **propanone**) is the organic compound with the formula (CH₃)₂CO. It is a colorless, volatile, flammable liquid, and is the simplest ketone.

Acetone is miscible with water and serves as an important solvent in its own right, typically for cleaning purposes in the laboratory. About 6.7 million tons were produced worldwide in 2010, mainly for use as a solvent and production of methyl methacrylate and bisphenol A. It is a common building block in organic chemistry. Familiar household uses of acetone are as the active ingredient in nail polish remover and as paint thinner.

ISOPROPYL ALCOHOL 99%

- A colorless, flammable chemical compound
- Can be used as an industrial cleaner for machinery and parts
- Great for surface preparation

Isopropyl alcohol (IUPAC name propan-2-ol; commonly called isopropanol) is a compound with the chemical formula C₃H₈O. It is a colorless, flammable chemical compound with a strong odor. As an isopropyl group linked to a hydroxyl group, it is the simplest example of a secondary alcohol, where the alcohol carbon atom is attached to two other carbon atoms. It is a structural isomer of 1-propanol. The largest use for isopropyl alcohol is as a solvent, and usually as a cleaner. It can be used as an industrial cleaner for machinery and parts. Isopropyl alcohol is also found in many everyday products such as paint thinners, inks, general-purpose cleaners, disinfectants and windshield thawing agents. 99% isopropyl alcohol is used to clean surfaces and also to prevent infection from minor surface wounds like scrapes and cuts.

CONCENTRATED LOW pH Shampoo

A concentrated, high-foaming, low pH shampoo that may be used in tunnel car wash facilities.

Application :

- Foamer Units • Direct Injection Equipment
- Hydrominder Premix • Manual Brush
- Hand Wash

FEATURES: • Economical • High-foaming • Versatile • Brightens and Shines • Lubricates • Free-rinsing • Promotes Drying
BENEFITS: • Use at dilutions up to 1500 : 1 • Copious foam allows for complete coverage and excellent clinging of product to vehicle surface. • May be used in both cloth and touch-free tunnel applications • Low pH formulation helps to clean, shine and brightens all vehicle surfaces. • High quality foam provides lubricity to ensure maxi mum cloth life. • Rinses freely and completely to help prevent streaking. • Helps to improve drying process by preparing vehicle surface to accept drying agent.

SUPER CONCENTRATED WHEEL & TIRE CLEANER 40:1

A super concentrated, fast-acting, high foaming liquid detergent that may be used in all types of car wash facilities.

Application :

- CTA Units • Low Pressure Spray
- Pump-up Sprayer • Trigger Sprayer
- Hydrominder Premix

FEATURES: • Powerful • Versatile • Free-rinsing • Economical • High-foaming
BENEFITS: • Penetrates and loosens road soil and brake dust on all types of wheel and tire surfaces. • May be used as both a wheel and tire cleaner. • Rinses freely to help prevent streaking. • Use at dilutions up to 40:1. • Copious foam allows for complete coverage and excellent clinging of product to wheel and tire surfaces.

BLACK BEAUTY+ High Gloss Tire Shine & Dressing

A ready-to-use high shine water-based, liquid emulsion protectant Formulated to be used manually or through all types of automatic tire dressing applicator Imparts a high gloss "wet" look protecting all types of tires

NANOSKIN BLACK BEAUTY High Gloss Tire Shine & Dressing is a ready-to-use high shine water-based, liquid emulsion protectant that may be used in full-service car wash facilities. This highly viscous water-based surface dressing goes on evenly and stays in place to shine your tires and restore your faded bumpers, wheel openings, body side moldings, and any other unpainted rubber, plastic, or vinyl trim. Formulated to be used manually or through all types of automatic tire dressing applicator units imparting a high gloss "wet" look protecting all types of tires. NANOSKIN BLACK BEAUTY protects surfaces from ozone, ultraviolet rays and oxygen, which can crack, dull and harden or rot vehicle surfaces. Solvent-free formulation is odorless and user-friendly.

TUNNEL SHOCK Full Body Protector

- Active ingredients bond to glass, chrome and painted surfaces.
- Creates superior shine and longer lasting protector against rain, snow and ice.
- Superior water repency

Application :

- Low Pressure Spray Arch • Hydrominder Premix
- Direct Injection Equipment

FEATURES: • Economical • Provides Excellent Shine • Silicone Free • Hot Water Compatible • Low Viscosity
BENEFITS: • Use at dilutions up to 2000:1 • Produces a high quality shine on all vehicle surfaces. • Will not smear or streak glass surfaces • May be used with hot water to increase performance qualities • Thinned formulation allows for easy dispensing of concentrate.

FEATURES: • Medium Foam • Powerful • Versatile • Free-rinsing • Environmentally Desirable
BENEFITS: • Medium "wet" foam allows for complete coverage and excellent clinging of product to vehicle surface. • Penetrates and loosens road soil and bug residues without scrubbing. • May be used effectively as a prep soap, presoak detergent or wheel and tire cleaner. • Rinses freely and completely to help eliminate streaking.

TRI FOAM POLISH

High Foaming Tunnel Conditioner & Polish

A high-foaming liquid shampoo that may be used in all types of car wash facilities.

- Foamer Units • Direct Injection Equipment
- Hydrominder Premix

FEATURES: • Economical • Brilliant Color Foam • Powerful • Lubricates • Free-rinsing • Hard Water Tolerant
BENEFITS: • Use at dilutions up to 500:1 • Brilliant color foam covers vehicle surface producing enhanced visual appeal. • Penetrates and loosens road soil. • High quality foam provides lubricity to ensure maximum cloth life. • Rinses freely and completely to help prevent streaking. • Fortified with water softening ingredients for use in hard water applications.

UNDERBODY RUST INHIBITOR 127:1

A concentrated corrosion inhibitor that may be used on the undercarriage of cars in tunnel car wash facilities.

Application :

- Direct Injection Methods
- Hydrominder Premix
- Low Pressure Undercarriage Spray

FEATURES: • Concentrated • Prevents Corrosion • Flushes and Cleans
BENEFITS: • Use at dilutions up to 127:1 • Imparts short-term corrosion protection to exposed undercarriage metal surfaces. • Removes dirt and road salt deposits so clean metal surfaces can be protected.

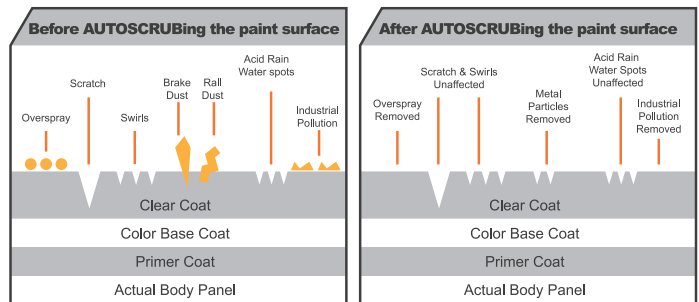

AUTOSCRUB Decontamination System

NANOSKIN AUTOSCRUB System works fast and achieves professional results with the new advanced rubber polymer technology, which replaces the use of clay bars. With either dual action orbital polisher or hand application, it safely and easily removes paint over spray, water spots, tree sap, rail dust and other bonded surface contaminants from the surface of automotive paint, glass, moldings and plastic. AUTOSCRUB works great with GLIDE Instant Detail Spray lubricant. Unlike the clay bar, the AUTOSCRUB can be cleaned by simply rinsing off the accumulated contaminates with water. If you drop the AUTOSCRUB on the ground, no worries, just rinse the sponge pad clean and you're ready to keep using it. Easy glides allows for sturdy and controlled handling, unlike clay bars where constant reshaping is required.

COMPARE WITH CLAY BARS:

	NANOSKIN AUTOSCRUB	TRADITIONAL CLAY BARS

Instant Detail Spray Lubricant **GLIDE**

Paint Prep. before Reconditioning

- A component of AUTOSCRUB
- Water-based, silicone free formula
- Restores the brilliance of showroom finish
- Also be used on glass, chrome and plastic

As a component of AUTOSCRUB, **NANOSKIN GLIDE** lubricates the paint so well while gliding the AUTOSCRUB back and forth. GLIDE removes minor contaminants, dust, fingerprints, bugs, and more, restoring the brilliance of a showroom finish. It can also be used on glass, chrome, and plastic. The spray dries crystal clear on any surface and enhances reflections on shiny materials, like chrome wheels and trim. It's so easy, you can detail a full size car in less than 10 minutes.

Hydrophobic Spray Wax & Sealant **NANO SHOCK** 1-Step Lubricant & Sealant

- Cleanse and wax your car at the same time!
- A lubricant sealant that actually enhances gloss and repels water
- 1-step lubricant sealant
- Advanced hydrophobic polymer protection

As best friend of AUTOSCRUB, **NANO SHOCK** Hydrophobic Spray Wax & Sealant cleanses and seals the paint while gliding the AUTOSCRUB back and forth. Through the use of advanced hydrophobic polymer technology, NANO SHOCK has created a 1-step lubricant polymer sealant that actually smooths the surface, repels water, enhances gloss, dissipates static, and adds additional protection to your finish. The spray dries crystal clear on surface and enhances reflections on shiny materials, like chrome wheels and trim. It's so easy you can clean and protect your car in less than 20 minutes.

NOTE NANO SHOCK will continue to cure for up to 24 hours.

Glass Activator & Cleaner

RAIN PREP Glass Prep. before RAIN

- Cleanses & activates the glass with AUTOSCRUB
- Preparation for RAIN glass sealant
- Removes fingerprints, grime & buildup

Dilutions:

AUTOSCRUB 7 : 1
Glass Cleaner 7 : 1

As a component of AUTOSCRUB, **NANOSKIN RAIN PREP** cleanses and lubricates the glass so well while gliding the AUTOSCRUB back and forth. RAIN PREP removes fingerprints, dust, grime, bugs, and buildup, restoring the brilliance of crystal clear finish. RAIN PREP also opens the pores of the glass and is a perfect first step set up for NANOSKIN RAIN Glass Sealant application.

NOTE Due to its ammonia formula, avoid contact with plastic molding and trims.
DO NOT use on interior tinted glass.

Glass Sealant

RAIN Scratch Resistant Glass Sealant

- Seals the microscopic pores of glass
- Contains durable anti-static polymer
- Repels rain, sleet, and snow
- Maintain a high level of visibility
- Significantly improves scratch resistance
- Lasts months, not weeks

RAIN provides a durable, invisible coating to your windshield giving it excellent rain repellency. The invisible coating repels rain, sleet, and snow to maintain a high level of visibility, dramatically improving weather driving visibility. The treatment also makes for easy removal of ice, frost, salt, mud and bugs. RAIN contains durable anti-static polymer which will help dust from settling on your glass. RAIN also significantly improves scratch resistance.

ALWAYS USE YOUR WINDSHIELD WIPERS AS NECESSARY.

Compatible with AUTOSCRUB System

Instant Detail Spray Concentrate

SMOOTH

- Best used on clean surfaces between waxes
- A good friend of clay bar
- Restores the brilliance of a showroom finish

If you're looking for a missing link between washing and waxing, spray on NANOSKIN SMOOTH. It removes minor contaminants, dust, fingerprints, bugs, and more, restoring the brilliance of a showroom finish. As a good friend of clay bar, SMOOTH lubricates the paint so well while rubbing the clay back and forth. It can also be used on glass, chrome, and plastic. The spray dries crystal clear on any surface and enhances reflections on shiny materials, like chrome wheels and trim. It's so easy and you can detail a full size car in less than 10 minutes.

Fortified Graphene Quick Detailer

GRAPHENE CERAMIC DETAIL SPRAY

- Enhances Gloss, Slickness & Depth of Color
- Removes Light Dust and Fingerprints in Between Washes or As a Drying Aid
- Generates a Highly Hydrophobic Surface with Relentless Water Beading
- Extends Protection of Waxes, Sealants and Coatings
- Easy, Streak Free Finish – Safe on All Surfaces

Nanoskin Graphene Ceramic Detail Spray is a spray-on, wipe-off quick detailer and gloss-enhancer. Use this graphene-rich formula to remove light dust and fingerprint smudges in between washes, or as a drying aid after washing. Graphene Ceramic Detail Spray is formulated using a blend of ultra-refined graphene-oxide ceramic resins that add depth, gloss, and richness to all colors. This streak-free quick detailer will enhance the depth and clarity of your vehicle's paint while increasing the slickness and extending the protection of existing waxes, sealants and coatings. Simply spray and wipe for a streak free, brilliant finish.

ULTRA LINE™

Ultra Performance Product Line

Ceramic Serums & Coatings

T1 UL-T12 ULTRA HYDROPHOBIC CERAMIC SERUM

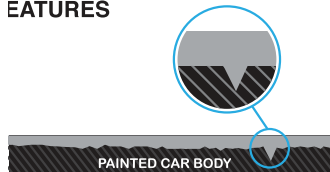

- A " Pro-Consumer" Version of Ceramic Coating
- Easy-to-use, self leveling formula
- Forms an durable, high-gloss, slick, high density ceramic layer
- Produces a high-gloss, warm-looking, extreme hydrophobic finish

Box contains:

- 1 x 50ml TOP KOTE T1
- 1 x pair of nitrile gloves
- 1 x Ultra Soft Foam Filled Applicator
- 1 x Instruction Sheet
- 1 x Microfiber Towel

FEATURES

ULTRA LINE T1 forms an ultra-durable, high-gloss, slick to the touch, chemically bonding inorganic layer of optically clear ceramic, aka polysilazane. Once applied, gloss levels will remain in the upper 90th percentile for significantly longer when compared to traditional paint protection products, and cleaning your car will be a breeze.

The high density ceramic layer is resistant to chemicals ranging from pH2 - pH12. This characteristic also makes bonded contaminants such as tree sap, tar, and hard water spots, easy to remove.

Unlike mainstream wax and organic polymer coatings, ULTRA LINE T1 can resist much higher and lower temperatures. They resist temperatures as low as -104°F to as high as

T3 UL-T32 PROFESSIONAL ULTRA CERAMIC COATING

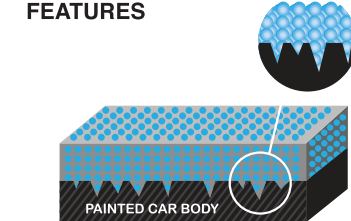

- Professional use only
- 9H paint protection improves swirl resistance
- Durability up to 5 years
- Matchless levels of gloss, surface slickness, swirl and chemical resistance

Box contains:

- 1 x 50ml TOP KOTE T3
- 1 x pair of nitrile gloves
- 1 x Ultra Soft Foam Filled Applicator
- 1 x Instruction Sheet
- 1 x Microfiber Towel

FEATURES

Working on the molecule level in 10 nanometers, ULTRA LINE T3 forms an ultra-durable 9H, hydrophobic, high-gloss chemically bonding inorganic layer of optically clear ceramic. Once applied, gloss levels will remain in the upper 90th percentile for significantly longer when compared to traditional paint protection products, and cleaning your car will be a breeze.

The high density ceramic layer is resistant to chemicals ranging from pH2 - pH13. This characteristic also makes bonded contaminants such as tree sap, tar, and hard water spots, easy to remove.

Unlike mainstream wax and organic polymer coatings, ULTRA LINE T3 can resist much higher and lower temperatures. They resist temperatures as low as -104°F to as high as 480°F.

G5 ULG-G52 PRO ULTRA GRAPHENE CERAMIC COATING

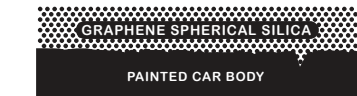

- The Next Generation of Ceramic Protection
- Relentless Hydrophobicity, Versatile Formula
- Matchless Levels of Gloss, Surface Slickness
- Powerful Chemical & Water Spot Resistance

Box contains:

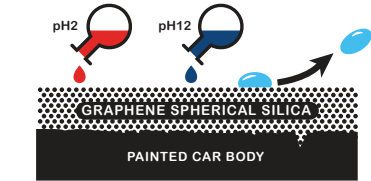

- 1 x 50ml ULTRA LINE G5
- 1 x pair of nitrile gloves
- 1 x Ultra Soft Foam Filled Applicator
- 1 x Instruction Sheet
- 1 x Microfiber Towel

FEATURES

Working on the molecule level in 10 nanometers of graphene spherical silica, ULTRA LINE G5 forms an ultra durable 9H+, hydrophobic, high-gloss chemically bonding inorganic layer of optically clear ceramic. Once applied, gloss levels will remain in the upper 90th percentile for significantly longer when compared to traditional paint protection products, and cleaning your car will be a breeze.

The high density ceramic layer is resistant to chemicals ranging from pH2 - pH13. This characteristic also makes bonded contaminants such as tree sap, tar, and hard water spots, easy to remove.

Unlike mainstream wax and organic polymer coatings, ULTRA LINE G5 can resist much higher and lower temperatures. They resist temperatures as low as -104°F to as high as 480°F.

ULG-CSC640 5 Gal.
ULG-CSC3840 30Gal.
ULG-CSC7040 55Gal.

Nanoskin Graphene Ceramic Spray Coating is a water based ceramic coating hydroxyl grouped formula with reduced graphene oxide that is capable of a high level of protection for up to 12 months. An easy-to-use product that sprays on and wipes off with very little effort while delivering superior shine and protection. Unmatched hydrophobicity and ceramic protection that will last months' not weeks. Taking the best properties of true ceramic coating products along with our original formulation of Nano Shock, we have combined the two into a graphene-microemulsion formula. This results in a unique tight "mesh knitting" formula. Once bonded and fully cured, this "mesh knitting" formula makes it much more difficult for chemicals and road debris to get under and "uproot" the coating. It has a mild positive charge which adheres to all surfaces including bare metal surfaces making it more likely to repel dust than before. Nanoskin Graphene Ceramic Spray Coating is also versatile and is an effective protection for multiple surfaces including paint, chrome, glass, wheels, plastic, leather, vinyl, stainless steel, and more!

SUPER-CHARGER

SiO2 Touchless Spray & Rinse Sealant

- A water-activated spray-on-rinse-off sealant
- Fortified silica provides superior water beading
- Quicker alternative to wax your vehicle
- Prolongs the time in between waxes, polymer sealants and ceramic coatings

Item Code	Size	Dilution
UL-SCR16	16oz.	Ready-to Use
UL-SCR128	1 Gal.	100:1
UL-SCR640	5 Gal.	100:1
UL-SCR3840	30 Gal.	100:1
UL-SCR7040	55 Gal.	100:1

NANOSKIN ULTRA LINE, SUPER-CHARGER is an easy-to-use, water-activated SiO2 spray sealant. that will allow you to receive the same protection you would expect from a wax in a fraction of the time! The most attractive feature of SUPER-CHARGER is its fast and simple spray-on-rinse-off application process. The fact that you don't have to touch your car's paint with anything in order to apply SUPER-CHARGER greatly cuts down on the risk of ruining your paint's impeccable finish. All you need to do is spray SUPER-CHARGER on wet surface after you wash vehicle and then rinse it away with water.

CERAMIC BOOST

SiO2 Infused Quick Detailer Sealant

- Advanced silica protection
- Boosts hydrophobic properties of ceramic coating
- Or can be a stand alone sealant
- Use on paint, glass, chrome and trim

UL-CBT16 16 Oz.
UL-CBT128 1 Gal.
UL-CBT640 5 Gal.
UL-CBT3840 30Gal.
UL-CBT7040 55Gal.

NANOSKIN ULTRA LINE, CERAMIC BOOST is a silica based quick detailer sealant packed with glass-like gloss, water beading and dirt repellent protection. Originally formulated to maintain the protection and finish quality of ceramic coatings, CERAMIC BOOST is also a stand-alone spray-on, wipe-off sealant, where it can offer up to 6 months of protection on daily drivers. Its water based micro-emulsion formula can be applied to all exterior surfaces, and even on damp surfaces, making it perfect for quickly topping up your vehicle's protection and shine. CERAMIC BOOST also has excellent hydrophobic properties. Not only does it bead water incredibly well, it will repel water from the surface, making it more difficult for dirt, mud, and other road grime to stick to the surface and allowing for easier maintenance and cleanup as well. CERAMIC BOOST is very easy to use and ideal for enthusiasts or professionals. It keeps your paint clean longer, makes washing the car easier, and allows you to dry it faster! Note: CERAMIC BOOST will continue to cure for up to 24 hours.

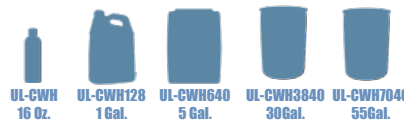

SiO2 Shampoos & Cleaners

CRYSTAL WASH

SiO2 Fortified Hydrophobic Shampoo

- Wash & coat in one simple step
- Creates thick, clinging foam which rinses away to leave a hydrophobic finish
- Causes dirty water & contamination to bead away from treated surfaces
- Leaves behind an incredible slick, glass-like protection

UL-CWH 16 Oz.
UL-CWH128 1 Gal.
UL-CWH640 5 Gal.
UL-CWH3840 30Gal.
UL-CWH7040 55Gal.

NANOSKIN ULTRA LINE, CRYSTAL WASH adds hydrophobic protection to your weekly maintenance wash. Having hydrophobic protection on your vehicle encourages water-borne dirt and contamination to slide away, rather than stick. Treated surfaces stay looking cleaner for longer and because dirt doesn't bond as readily, cleaning the car is much easier! With neutral pH, high lubricity formula, CRYSTAL WASH is designed to work on its own or to boost existing wax, sealant or ceramic coating layers. It is safe on all surfaces including paint, rims, glass and plastic and it will add instant protection to these surfaces, or boost any protection already applied. Simply wash your car the same way you would with any other auto shampoo, rinse off, and stand back to admire the results. Note: For heavily contaminated cars, CRYSTAL WASH should be applied after the main wash process.

Dilutions:

Hand Washing	200 : 1 - 400:1

Hydrophobic Crème Wax **MAJESTIC**

- Self-cleaning wax with brilliant gloss
- Long-lasting protection
- Fills fine scratches & swirl marks

MAJESTIC is a cream wax designed to add a high gloss and rich luster to new or used vehicles. This premium wax is a self-cleaning, high durability formulation that is easy to use by hand or machine and removes surface scratches, spider webs, and swirl marks. Hand or machine application work equally well. Contains pure Brazilian Carnauba Wax and silicones. A low dust application and removal leaves the paint surfaces with a high gloss finish. Excellent for all paint finishes.

Hydrophobic Spray Polymer **HYDRO EXPRESS**

- The most advanced spray polymer
- The missing link between washing and waxing
- A spray polymer that actually repels water
- Lasts up to 3 months
- Restores perfect finish
- Enhances reflections on shiny materials
- May also be used on glass, chrome and plastic

HYDRO EXPRESS is technically a spray polymer sealant. Through the use of advanced hydrophobic polymer formula, NANOSKIN has created a spray polymer that actually repels water, dissipates static, and adds additional protection to your finish. **HYDRO EXPRESS** can also be used on glass, chrome, and plastic. The spray dries crystal clear on any surface and enhances reflections on shiny materials, like chrome wheels and trim. It's so easy, you can detail and protect a full size car in less than 10 minutes.

Note HE will continue to cure for up to 24 hours.

Ceramic Nano Synthetic Sealant **NANO CERAMIC**

NA-CNP4

Strengthening increase in paint gloss and protection against oxidation, ultra-violet rays, acidic rain, tree saps and even insects. Applicable for the protection treatment of painted surfaces and gelcoat. CNPS also remove minimum-sized defects (holograms) with its abrasive action. Applicable by orbital DA polisher or air sander with soft polishing foam pad. Excellent for all kind of paint & gelcoat. Use White/Black Foam Pad for a high glossy finish without haze, opacity and holograms.

Increase the paint life by 40-50%. Reduce dirt accumulation by 70-80%

NA-GLM4 4 Oz.

Nano Protective Shield **GLASS MOLECULE**

- Hardens to form a protective shield
- Prolongs surface protection
- Relentless water beading
- Unique UV absorber
- Silicone Free
- Easy on, easy off
- Single stage and clear coat safe

GLASS MOLECULE is a chemical solution that uses sol-gel process to form a colloid of solid particles under 100 nanometers in size, which hardens to form a protective coating (glass-like film), prolonging surface perfection, NOT a wax or Teflon. Durability is strong with a consistent 25~30 car washes. **GLASS MOLECULE** has a 24 hour cure time which requires no attention from the user. After the cure, **GLASS MOLECULE** will be glossier and harder.

Synthetic Nano Spray Wax **VITALITY**

- Quickly adds depth, gloss & protection
- Can be applied to wet or dry surface in direct sunlight
- Hydrophobic Polymer Technology

VITALITY Synthetic Nano Spray Wax is the quick way to add depth, gloss, and protection to any vehicle! Spray it on and wipe to reveal a rich gloss that will stand up to the elements. **NANOSKIN VITALITY** is the perfect car wax for high volume detail shops or for the busy do-it-yourselfer. Apply **NANOSKIN VITALITY** to wet or dry vehicles. A quick wipe-down with **NANOSKIN VITALITY** after washing the car is a great way to prevent water spots and protect the paint in one step. Hydrophobic Polymer Technology allows moisture to bead and roll off the waxed paint. In just a few minutes, you can wax an entire vehicle with **VITALITY**, no matter the size of the vehicle!

MEGA TREND™

INORGANIC COATING SYSTEM

By using advanced inorganic diamond class carbon technology, NANOSKIN MEGA TREND is hydrophobic, anti-static and weather-resistant coating that shines and protects your vehicle like nothing else! MEGA TREND works on the molecule level in 10 nanometers to transform the surface. Formulated with inorganic diamond class carbon, tungsten steel and basalt, MEGA

TREND creates an extremely hard and durable finish to minimize fine scratches. Once treated with MEGA TREND, your vehicle will repel water and contaminants, and it will maintain a clear, reflective, showroom like shine. MEGA TREND cannot be removed by water, alkaline or other detergents, or by pressure washers. One application can last up to 3 years. Applies to clear coats, wheels, exterior glass & headlights.

1. Exceptionally Oil & Water Repellent

Provides incomparably strong Water and oil repellency. This hydrophobic effect prevents water spots and oily stains from attaching to the surface.

2. Anti-Calcium Effect

Prevents mineral deposits from bonding to the vehicle's surface so water spots can be wiped off.

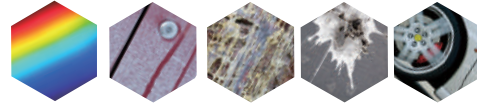

3. High Gloss Shine

Contains nano sized SiO2, resulting in a deep, reflective shine.

4. Smooth, Dirt-Repellent Surface

The nano particles fill in tiny swirls and imperfections in the paint to make it perfectly smooth. Therefore, dirt and dirty water cannot settle into any crevices. The finish is also resistant to bugs, UV rays, acids, and salts. Plus, the slick surface is anti-static and washes off easily.

5. Self-Cleaning Effect

Most dirt and debris will not stick in the first place. So you may find yourself Washing your vehicle much less often.

6. Detergent Resistant

MEGA TREND can not be removed by water, alkaline or other detergents, or by pressure Washers. It lasts up to 3 years.

7. Weather Resistant

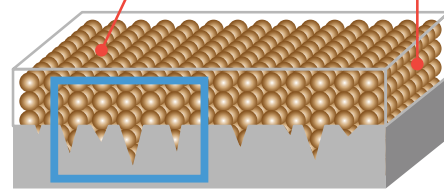

Provides durable protection against rain, sun, salt, and anything else mother nature throws at it.

8. Ultra Hard Coating

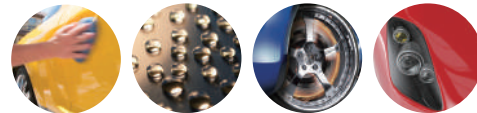

Inorganic diamond class carbon creates an extremely durable hard finish to minimize fine scratches.

Diamond Like Carbon (DLC) MEGA TREND

9. Applies to Hard Surfaces

Can be applied to clear coats, exterior glass, wheels and headlights.

Glass Activator & Cleaner

RAIN PREP Glass Prep. before RAIN

- Cleanses & activates the glass with AUTOSCRUB
- Preparation for RAIN glass sealant
- Removes fingerprints, grime & buildup

Dilutions:

AUTOSCRUB 7 : 1
Glass Cleaner 7 : 1

As a component of AUTOSCRUB, NANOSKIN RAIN PREP cleanses and lubricates the glass so well while gliding the AUTOSCRUB back and forth. RAIN PREP removes fingerprints, dust, grime, bugs, and buildup, restoring the brilliance of crystal clear finish. RAIN PREP also opens the pores of the glass and is a perfect first step set up for NANOSKIN RAIN Glass Sealant application.

NOTE Due to its ammonia formula, avoid contact with plastic molding and trims.
DO NOT use on interior tinted glass.

Glass Sealant

RAIN Scratch Resistant Glass Sealant

- Safety driving formula
- Seals the microscopic pores of glass
- Contains durable anti-static polymer
- Repels rain, sleet, and snow
- Maintain a high level of visibility
- Significantly improves scratch resistance
- Lasts months, not weeks

RAIN provides a durable, invisible coating to your windshield giving it excellent rain repellency. The invisible coating repels rain, sleet, and snow to maintain a high level of visibility, dramatically improving weather driving visibility. The treatment also makes for easy removal of ice, frost, salt, mud and bugs. RAIN contains durable anti-static polymer which will help dust from settling on your glass. RAIN also significantly improves scratch resistance. **ALWAYS USE YOUR WINDSHIELD WIPERS AS NECESSARY.**

- Significantly improves scratch resistance and water repellency

Kit includes:

- RAIN Glass Sealant 40z. x 1
- RAIN PREP Glass Cleaner/Activator RTU 4Oz. x 1
- AUTOSCRUB Cleansing Sponge x 1

RAIN Glass Sealant Kit provides a durable, invisible coating to your windshield giving it excellent rain repellency. The invisible coating repels rain, sleet, and snow to maintain a high level of visibility, dramatically improving weather driving visibility. The treatment also makes for easy removal of ice, frost, salt, mud and bugs. RAIN contains durable anti-static polymer which will help dust from settling on your glass. RAIN also significantly improves scratch resistance. **ALWAYS USE YOUR WINDSHIELD WIPERS AS NECESSARY.**

DEMO KIT
RAIN
NAD-GDK1

Scratch Resistance Demo

Take two slides, holding one slide horizontally, use the sharp edge of the other side to scratch the flat surface of the horizontal slide.

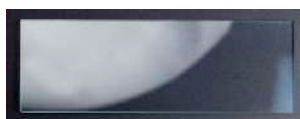

Take the slide that was used for scratching the horizontal slide and spray a little of RAIN Glass Sealant on the slide, then wipe it off with a micro fiber towel.

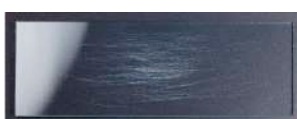

Take the scratched slide and in the same manner as in step 1 above, try to scratch the treated slide (it will not scratch) - you should be able to feel how much smoother the treated slide is.

Treated

Untreated

NANOSKIN RAIN glass treatment is NOT designed to make the glass fully scratchproof, but is designed to provide a significant level of scratch resistance to the glass. It also shows that the NANOSKIN RAIN glass treatment is reactive and will readily adhere to the glass and reduce the coefficient of friction so that the glass stays cleaner longer, clean up easier, and also aid in water removal from the glass.

Hydrophobic Demo

Treated

Untreated

Take the pipette and gently place a drop of water on a treated and untreated slide. Compare the water beading on the untreated and treated slide. You should see a big difference. This product is considered hydrophobic.

Windshield Washer Fluid/ Glass Cleaner Additive **ADDITIVE**

- Provides residual water beading after use
- Helps revitalize glass sealant
- Improves ordinary washer fluid/glass cleaner performance

Dilution:

4 caps of ADDITIVE to 1 gallon of windshield washer fluid/glass cleaner

ADDITIVE is specially formulated to add to your windshield washer fluid/glass cleaner. ADDITIVE provides residual water beading after use and helps revitalize glass sealant. This powerful formula will also help improve ordinary washer fluid performance to remove stubborn residue, road grime, bird droppings, and tree sap. General dilution is 1-2 ounces per gallon of washer fluid/glass cleaner.

This bottle contains enough additive to treat 12 gallons of washer fluid/glass cleaner.

ALWAYS USE YOUR WINDSHIELD WIPERS AS NECESSARY.

Dressings & Protectants

Body Shop Safe Series

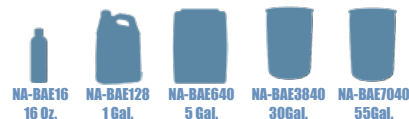

VRT Dressing & Protectant **BLACK AWESOME**

- Silicone-free, water-based formula
- Produces an incredibly deep, rich high gloss sheen
- Provides long-lasting UV absorber and water proof
- Imparts high gloss to vinyl, rubber, tire, plastic, leather, wood and stone
- Dilutes up to 4 to 1, varying the gloss from high to satin

Dilutions:

Tire (High gloss) RTU ~ 1:1 Rubber & Plastic
 Tire (Satin gloss) 1:1 ~ 2:1 Wood & Stone 3:1 ~ 4:1
 Leather, Vinyl, 2:1 ~ 3:1

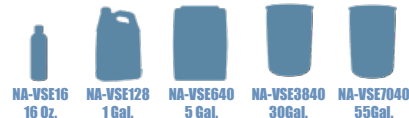

BLACK AWESOME is the choice for professionals or end-users looking for a high performance dressing which can be used in any silicone sensitive environment. Its VOC compliant water based formula produces an incredibly deep, rich high gloss shine. By using advanced polymer, it provides long-lasting UV absorber and actually repels water each time you clean your car. Dilute up to four to one, varying the gloss from high to satin. One product, multiple uses...vinyl, rubber, tire, plastic, leather, wood and stone.

Silicone Free Dressing & Protectant **VERA SHINE**

- Generates deep, rich shine
- Ideal for any silicone sensitive environment
- Solvent-based formulation enables shine agents to penetrate surface enhancing durability

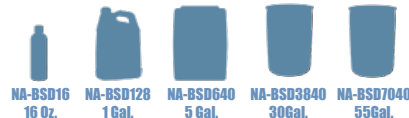

VERA SHINE is a ready-to-use, body shop safe, solvent based, high gloss dressing & protectant. VERA SHINE can be applied to exterior vinyl, plastic and rubber surfaces. Its solvent based formulation enables shine agents to penetrate surface enhancing durability. Silicone-free formula will not "fish eye" freshly applied paint. Apply via applicator pad or spray bottle. VOC compliant in all 50 states.

Silicone Free Dressing **BODY SHOP DRESSING**

- A water-based non-silicone dressing
- Body shop safe, ready-to-use formula
- Great for use on interior and exterior vinyl, rubber and plastic

BODY SHOP DRESSING is the perfect water-based non-silicone dressing for interior and exterior vinyl, rubber and plastic. This body shop safe product will deepen the color and enhance the luster of tires for a classic, finished look. It is ready-to-use and adds instant gloss to vinyl, rubber and plastic. VOC compliant and body shop safe.

Water Based Emulsion Series

High Gloss White Dressing **MULTI DRESS**

- Water based silicone dressing
- Super high gloss shine that beautifies and protects
- Great for tires, rubber moldings, plastic, leather and vinyl

MULTI DRESS is a semi thick, water based, silicone dressing. A super high gloss shine that beautifies, and protects. Brush or sponge application recommended. Quick dry, low sling-off formula works great on wet tires. Great for tires, rubber moldings, bumpers, and exterior trim. MULTI DRESS also imparts high gloss into interior vinyl and leather. Designed for car washes, detail shops, new car dealers, and show car enthusiasts.

Premium Dressing **BLUE DRESS**

- For both exterior & interior surfaces
- Super high gloss shine & long-lasting
- Great for tire, rubber moldings, plastic, leather and vinyl!

Dilutions:

Exterior RTU
 Interior 1:1

Ideal for both interior and exterior surfaces, **NANOSKIN BLUE DRESS** Premium Dressing keeps rubber, vinyl and plastic moisturized to prevent fading and cracking. BLUE DRESS is a water-based formula that provides the same durability and "wet look" typically associated with solvent-based dressings.

High Gloss Premium Dressing **WHITE LIGHTENING**

- Unique polymer matrix formula
- No centrifugal sling-off, leaves no streaks or surface haze
- Ultra high gloss & durable

WHITE LIGHTENING High Gloss Premium Dressing produces the highest shine possible on tires and exterior rubber and plastic trim. By using unique "Polymer Matrix" emulsifier, WHITE LIGHTENING is durable and reduces centrifugal sling-off on vertical surfaces, leaving no streaks or surface haze. WHITE LIGHTENING is a water-based formula that provides the same durability and "wet look" typically associated with solvent-based dressings.

Hyper Concentrated Dressing & Protectant **HYPER DRESS**

- Can be diluted with water to adjust level of shine
- No centrifugal sling-off, leaves no streaks or surface haze
- Ultra high gloss & durable

HYPER DRESS produces the highest shine possible on tires and exterior rubber and plastic trim. HYPER DRESS can be diluted with water up to 4:1 to adjust the level of shine. By using unique "Polymer Matrix" emulsifier, HYPER DRESS is durable and reduces centrifugal sling-off on vertical surfaces, leaving no streaks or surface haze. Its water-based formula provides the same durability and "wet look" typically associated with solvent-based dressings.

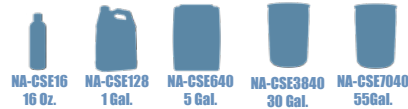

Interior Cleaner & Conditioner

CLEAN N' SHINE

- Cleans and shines at the same time
- Easily removes dirt, grime and oily soils from leather, plastic and vinyl
- Restores a "like new" natural sheen appearance
- Proprietary conditioner prevents drying, fading and cracking

NANOSKIN CLEAN N' SHINE Interior Cleaner & Conditioner easily removes dirt, grime and oily soils from leather, plastic and vinyl while restoring a natural sheen/satin gloss to the surfaces being cleaned without leaving oily and greasy residue. Time-saving, ready-to-use formula cleans and shines at the same time. Proprietary conditioner prevents drying, fading and cracking.

Hybrid Suspension Series

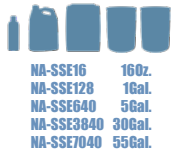

Exterior Trim, Bumper & Tire Gel

SPEEDY SHINE

- Non-sling formula
- Imparts unbeatable gloss
- For exterior use only

SPEEDY SHINE Exterior Trim, Bumper & Tire Gel is the next generation shining agent from NANOSKIN. The thick, water-based suspension formula provides a high gloss shine on all exterior trim, bumper, tires and wheel wells. The ultra safe formula contains no petroleum distillates or VOCs, which are known to crack vinyl and rubber. SPEEDY SHINE's safe, water-based formula delivers premium protection and an attractive shine.

Trim & Bumper Gel Protectant

BUMPER GEL

- A thick, rich gel protectant
- Restores, protects, and enhances exterior trim of any color
- Great for plastic, rubber and vinyl exterior trim

BUMPER GEL is the solution to an issue that plagues almost every vehicle manufactured in the last 30 years – dull, faded, and discolored plastic exterior trim. This thick, gel-like formula penetrates deep into the pores of plastic, rubber, and vinyl exterior trim, restoring the finish to factory-new condition. A traditional trim dressing might last a week or two if you're lucky; BUMPER GEL provides months of durable protection. Use BUMPER GEL on moldings, bumpers, windshield cowlings, louvers, air vents, wiper arms, window trim, mudguards, side mirror housings, bed rails, door handles, and more! The durable UV inhibitors block the sun's damaging rays, keeping your trim looking new for months.

Solvent Based Blend Series

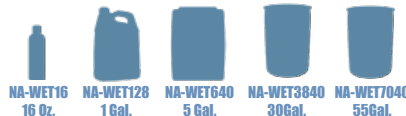

VOC Tire Dressing

WET LOOK

- Super high shine
- Tire, rubber moldings & bumpers
- Highlights your great looking investment

You have waxed and polished your vehicle, removed stains and odors and looked after the upholstery and leather. Now it's time to tackle the shine of your tires. Nothing gets noticed more quickly after waxing than your glossy tires. NANOSKIN **WET LOOK** VOC Tire Dressing is a super high shine, solvent based dressing for exterior surfaces. Brush or sponge application is recommended. Quick dry, low sling-off formula works great on wet tires. WET LOOK really completes "the look" that auto detailers want.

Aerosol Series

Clear Coating Spray

WET SHINE

For Exterior Trim

- No wiping required
- Work instantly
- Watermelon scent
- Excellent on plastic

NA-WSE12
12 Oz.

WET SHINE Clear coating spray is a clear, non-foaming coating which provides a water-resistant high gloss shine to the surface. It's fast and easy to apply and leaves a brilliant "wet shine" finish. Specially formulated to enhance the appearance of plastic surfaces. WET SHINE brightens and renews any plastic surface. Great for those hard-to-reach places.

Interior Spray Shine

GLOSS IT

For Interior Trim

- No Wiping required
- Works Instantly
- Excellent on Plastic
- Clear and Odorless Formula

NA-GIT12
12 Oz.

GLOSS IT Interior Spray Shine is a clear, non-foaming coating which provides a water-resistant matt finish to the surface. This product brightens and renews any plastic surface. Great for those hard-to-reach places.

Leather & Vinyl Cleaner Professional Grade

LV RINSE

- Non-alkaline cleaning agents
- Clean leather safely
- Falls within the pH range of leather itself
- Contains no waxes, oil or additives
- Loosens and suspends the dirt without leaving any deposits or impediments

LV RINSE Leather & Vinyl Cleaner is a blend of selected, non-alkaline cleaning agents designed to clean leather safely and thoroughly without the harshness or potentially damaging effects of saddle soaps, which are alkaline. The foaming action loosens and suspends the dirt so that it can be easily rinsed away without leaving any deposits or impediments. Its balanced formula falls within the pH range of leather itself, and therefore, is safer for leather. Since it is alkaline-free it contributes to the prolongation of fiber life.

NOTE

This product is not recommended for napped suede or glove soft leather. Leather that has cracked from age or neglect cannot be restored by this or any other known product.

Leather & Vinyl Treatment

Leather & Vinyl Cleaner / Conditioner

NOURISH

- One step leather cleaner and conditioner with UV absorber
- Contains the finest natural oils for leather
- Leaves leather soft and supple
- Restores new appearance and natural feel to leather
- Makes scratches and abrasions less visible
- Help penetrates, softens and lubricates leather
- Easy to use: Spray on and wipe off

NOURISH is a one step leather & vinyl cleaner and conditioner. Its unique UV absorber help protect against premature aging and damage from harmful UV rays. NOURISH contains the finest natural oils for all type of leather, and it restores new appearance and natural feel while leaving leather soft and supple. Its liquid formula conditions and makes scratches & abrasions less visible. NOURISH may be used on all interior leather, vinyl and plastic.

NOT FOR USE ON NUBUCK OR SUEDE.

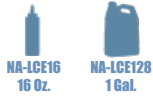

Leather & Vinyl Conditioner/Protectant

LEATHER CREME

- 1 Step leather & vinyl cleaner and conditioner
- Contains UV inhibitor to retard sun fading
- Uses finest natural oils to penetrate, soften and lubricate the leather

LEATHER CREME Leather & Vinyl Conditioner/Protectant restores, conditions, and protects new and old leather surfaces. Formulated with finest natural oils, LEATHER CREME forgoes inexpensive petroleum ingredients and instead relies on advanced chemistry. Designed to restore leather's natural oils, LEATHER CREME protects against cracking and fading while reducing damage caused by abrasion. Natural leather scent restores the "new car smell."

Leather & Vinyl Protectant

FEED

- Water, oil and stain repellent for finished leathers
- Partially fluorinated polymer
- Exceptional oil, water and alcohol repellency
- Meets all VOC regulations
- Ambient cure
- Little or no effect on appearance of finished leather
- Easy to apply – Gently rub into leather, wipe off excess

FEED is a ready-to-use cream that protects finished leathers without altering the feel or appearance of the leather. Unlike many protectors, it does not leave the leather with an artificial sheen. Its fluorinated polymer provides exceptional oil, water and alcohol repellency while meeting all VOC regulations. Apply in a circular motion using a lint free cloth, wiping off any excess after working it into the leather. FEED may be used on auto interior leather & vinyl, leather upholstery, leather apparel: shoes, pants, jackets, skirts, luggage, briefcases and handbags. NOT FOR USE ON NUBUCK OR SUEDE.

Wash & Shine Shampoo Plus

NANO SUDS

- More than clean your vehicle
- Protects and conditions
- Deepens gloss, boost shine

Dilution:

Hand Washing 199 : 1

NANO SUDS Wash & Shine Shampoo Plus does more than clean your vehicle; it protects and conditions it resulting in a superior shine. The foam it produces is extra rich in lubricating oils and conditioners to protect the paint from swirls and scratches caused during washing. The conditioners infuse the paint with moisture so that it looks vibrant, bright, and glossy. The formula deepens gloss, boosts shine, and leaves a highly reflective, slick surface. NANO SUDS rinses clean and water sheets off your vehicle. It will dry fast and have minimal water spots as a result.

Cleaners & Degreasers

Superior All Purpose Cleaner

MULTI CLEAN

- Non-caustic
- User friendly, fast acting cleaner
- Cleans almost everything

Dilutions:

Exterior 4 : 1
Interior 9 : 1
Hot Water Carpet Extractor 64 : 1

MULTI CLEAN Superior All Purpose Cleaner cleans almost anything! Clean carpet, vinyl, engines, tires, upholstery, leather, clear and colored plastics, and glass. MULTI CLEAN can be diluted to suit any job. Clean every surface with a single product! For heavy duty jobs – engines, tires, and fender wells – dilute 4 to 1. For medium strength cleaning inside the vehicle, dilute 10 to 1. Of course, you can adjust the dilution ratio if needed. MULTI CLEAN also is excellent for hot water carpet extractors. Dilute 64 to 1 to create a deep-cleaning, low-foaming solution. The carpets will not feel soapy or sticky thanks to the low-foaming dilution.

MULTI CLEAN Superior All Purpose Cleaner cleans all these surfaces:
Engine bay • Floor mats • Dash and door panels
Clear plastic instrument panels • Tires and wheels
Fender wells • Leather • Vinyl
Carpet and upholstery • Molding and trim

Power Cleaner & Degreaser

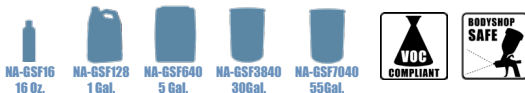

GREASE FREE

- Water-based formula
- Cleans engines, trunks, door jams, wheels, tire and rims
- Safe for most under-the-hood rubber and plastic parts
- Great for stubborn spots and stains

Dilutions:

Heavy Duty Degreasing 4 : 1
Medium Duty Degreasing 9 : 1
General Cleaning, Dewaxing 19 : 1

GREASE FREE is a concentrated water base power cleaner and degreaser. It dilutes with water and cleans a variety of surfaces. For engines and greasy door jams, dilute one part of GF with four parts of water. For medium duty degreasing, dilute one part of GF with nine parts of water. For general cleaning, dewaxing or other light duty work, dilute one part of GF with nineteen parts of water. Safe for most under-the-hood rubber and plastic parts. Great for stubborn spots and stains.

Ultra Concentrated All Purpose Cleaner & Degreaser

FIRE STORM

- A super concentrated cleaner & degreaser
- An outstanding dilution ratio of 100:1
- Removes grease, grime and soils of all kinds

Dilutions 100:1

5 gallons pail makes a 55 gallon drum of regular (10 to 1) concentrated product.

NANOSKIN FIRE STORM is an ultra concentrated cleaner & degreaser at dilution ratio of 100:1. A 5 gallon product will make a 55 gallon drum of regular (10 to 1) concentrated cleaner & degreaser. FIRE STORM cuts through and quickly breaking down oil based soiling anywhere on the exterior of a vehicle, including rocker panels, door jams, wheel wells, undercarriages & suspension components. Just spray, allow it to dwell and agitate as needed to disintegrate nasty oil build up in engine compartments. All you have to do is thoroughly apply diluted FIRE STORM to the surface, wait 30-60 seconds and then rinse. Ideally, use of a pressurized washer will provide optimal results.

All Purpose Cleaner Plus

CITRO BLAST

- Revolutionary technology delivers clean and green
- Easily wipe away tough soils for breakthrough cleaning
- Just dilute with water to meet your needs

Dilutions:

Exterior 4 : 1 (1 gallon makes a bucket)
Interior 10 : 1 (A bucket makes a drum)
Glass Cleaner 27 : 1 (2 gallons makes a drum)

CITRO BLAST All Purpose Cleaner Plus is fully formulated solution comprised of award winning metathesis chemistry, ecologically responsible citrus terpenes, and surfactant emulsifiers. CITRO BLAST cleans almost anything! Clean carpet, vinyl, engines, tires, upholstery, leather, clear and colored plastics, and glass. CITRO BLAST can be diluted to suit any job. Clean every surface with a single product! For heavy duty jobs – engines, tires, fender wells and fabric stains – dilute 4 to 1. For medium strength cleaning, dilute 10 to 1. Of course, you can adjust the dilution ratio if needed.

CITRO BLAST All Purpose Cleaner Plus cleans all these surfaces:

Engine bay • Floor mats • Dash and door panels
Clear plastic instrument panels • Tires and wheels
Fender wells • Leather • Vinyl
Carpet and upholstery • Molding and trim

Heavy Duty Degreaser

HOME RUN

New Improved Formula

- Engine Degreaser
- Degreases tools and all vehicles
- Cuts and breaks down grease & grime

Dilutions:

Heavy Duty Degreasing 4 : 1
Medium Duty Degreasing 9 : 1
General Cleaning 19 : 1

HOME RUN is NANOSKIN's most powerful degreaser designed to quickly clean even the greasiest engine compartment. It also cuts through and quickly breaking down oil based soiling anywhere on the exterior of a vehicle, including rocker panels, door jams, wheel wells, undercarriages & suspension components. Just spray, allow it to dwell and agitate as needed to disintegrate nasty oil build up in engine compartments. All you have to do is thoroughly apply HOME RUN to the surface, wait 30-60 seconds and then rinse. Ideally, use of a pressurized washer will provide optimal results.

Speedy Detailing

Instant Detail Spray

SMOOTH

- Missing link between washing and waxing
- Restores the brilliance of a showroom finish
- An AUTOSCRUB Lubricant
- Can be used on glass, chrome, and plastic
- Enhance reflections on shiny materials
- Home, office, boat, auto, and many other applications

Dilutions:

16oz. Ready to Use
1 Gal. and above 1 : 1

If you're looking for a missing link between washing and waxing, spray on **NANOSKIN SMOOTH**. It removes minor contaminants, dust, fingerprints, bugs, and more, restoring the brilliance of a showroom finish. As a good friend of AUTOSCRUB, SMOOTH lubricates the paint so well while rubbing the AUTOSCRUB back and forth. It can also be used on glass, chrome, and plastic. The spray dries crystal clear on any surface and enhances reflections on shiny materials, like chrome wheels and trim. It's so easy, you can detail a full size car in less than 10 minutes.

Quick Detailer Spray

QUICK SHINE

- For speedy detailing
- Removes dust, finger prints & light dirt
- Restores the brilliance of a showroom finish
- Can be used on glass, chrome, and plastic
- Enhance reflections on shiny materials
- Home, office, boat, auto, and many other applications

NANOSKIN QUICK SHINE is a quick detailer spray and wipe cleaner for speedy detailing any time. Remove dust, fingerprints, and light dirt to maintain a clean, brilliant shine between washes. QUICK SHINE is the easiest way to clean and shine auto paint!

Glass & Surface Cleaners

VOC Free Glass Cleaner **CRYSTAL-CLEAR**

- VOC Free
- Contains no harmful or harsh chemicals, including ammonia or alcohol
- Uses an ultra-fine polishing agent
- No streaks, no smears
- Safe for glass, ceramics, stainless steel, acrylics, paint surfaces, polystyrene, ABS and polycarbonate

Dilution: 40 : 1

CRYSTAL-CLEAR highly concentrated VOC Free Glass Cleaner contains no harmful or harsh chemicals, including ammonia or alcohol that damages your car or the environment. By using an ultra-fine polishing agent, it gently removes dirt and grime from glass and clear plastic by polishing it away. The final result is a polished finish without streaks or smears. Safe for use on glass, ceramics, stainless steel, acrylics, paint surfaces, polystyrene, ABS and polycarbonate.

Spot-Free Glass & Surface Cleaner **SHAKE N' CLEAN**

- A thick, clinging formula that eliminates dripping
- Neutralizes and eliminates odors
- Prevents fingerprints and smudges
- For use on mirrors, glass, windows and most surfaces

SHAKE N' CLEAN is a sprayable, high viscosity "Thixotropic" glass and surface cleaner, which is thick under static conditions and will flow (become thin, less viscous) over time when shaken. Its thick, clinging formula eliminates dripping on vertical surfaces and saves time. **SHAKE N' CLEAN** also neutralizes odors, prevents fingerprints and smudges. This product dries crystal clear and is great for use on mirrors, glass, windows and most surfaces.

Acid Based Wheel & Tire Cleaners

Organic Wheel & Tire Acid Cleaner **SPEEDY BRITE**

- Quickly Removes grease, road grime and brake dust
- Contains strong organic acids which clean & brighten w/o excess scrubbing
- Removes water spots, safe for glass & paint

Dilutions:

16oz. Ready to Use
1 Gal. and above 4 : 1

SPEEDY BRITE is a low Ph organic acid that performs like a traditional acid. It is non-corrosive to skin and metal per DOT/TDG test protocol, non-fuming and is DOT "Non-Regulated". **SPEEDY BRITE** safely removes grease, road grime, light oxidation, and brake dust from metal, paint and other hard surfaces. Safe on all types of wheels including clear coated, painted, aluminum, polished and anodized. Great for removing water spots. New technology chemically embraces and lifts mineral deposits and protects the surface from future water spots.

Aluminum Brightener & Wheel Cleaner **HEAVY DUTY ACID**

- An extra heavy-duty, acid-based wheel cleaner and brightener
- Removes heavy dirt, grease, road film, brake dust and oxidation
- Use caution with softer metal

Dilution: 4 : 1

NANOSKIN HEAVY DUTY ACID is an extra heavy-duty, concentrated, acid-based wheel cleaner and brightener formulated for most wheel types. **DO NOT USE on:** PVD, polished uncoated aluminum, plastic or anodized wheels.

Non Acid Wheel & Tire Cleaners

Non-Acid Wheel & Tire Cleaner **NON ACID**

- Formulated to clean wheels & tires
- "Xtreme Cling" foaming action
- Safe for all factory, clear-coated, painted & chrome wheels

Dilution: 4 : 1

NANOSKIN NON ACID Non-Acid Wheel & Tire Cleaner is a professional-grade wheel and tire cleaner that forgoes caustic acids and instead relies on smart chemistry. Our "Xtreme Cling" foaming action is designed to cling to vertical surfaces and break down stubborn road residue on wheels & tires. Designed to clean clear coated, factory painted and chrome wheels, **NON ACID** enables you to save time and maximize profits by relying on one wheel cleaner for most applications. Like the name implies, **NON ACID** removes dirt and grime from tires as well. Now that's what we call a great value!

Paint, Wheel & Glass Decontamination Fallout Remover

IRON FREE

- pH balanced, ready-to-use formula
- Safely breaks down ferrous metallic contamination
- Can be used on paint, plastic, chrome, glass, and alloy wheels

IRON FREE is an acid-free, pH balanced paint & wheel cleaner / fallout remover. **IRON FREE** safely breaks down ferrous metallic contamination caused by automotive brakes, rail travel, and construction. Decontaminates delicate paint, plastic, chrome, glass, and alloy wheels. **IRON FREE** sprays on fluorescent green and turns reddish as it reacts with the iron particulates making it easier to remove. The thick & high foaming **IRON FREE** formula clings to vertical surfaces. Perfectly safe for use on all types of wheels when not used in direct sun or on a hot wheel.

Interior & Upholstery Cleaners

Interior Cleaner & Shampoo

UPHOLSTERY

- Superior anti-stain, anti-resoiling properties
- Helps to keep the surfaces cleaner and stain free longer
- Removes oil, grease, dirt, blood, wine, coffee and most substances
- Biodegradable

Dilutions:

Pre-Spray	15 : 1 (8oz per gallon)
Extraction Cleaner	63 : 1 (2oz per gallon)
Spot Remover	7 : 1 (16oz per gallon)
Hard Surface Cleaner	127 : 1 (1oz per gallon)

UPHOLSTERY Interior Cleaner and Shampoo cleans all interior surfaces without harmful effects. Specially designed for today's surfaces, UPHOLSTERY offers superior anti-stain, anti-resoiling properties helping to keep the surfaces cleaner and stain free longer. It removes oil, grease, dirt and most substances that stain all automotive interior surfaces, trunk or home carpet. Using unique cleaning technology, the best part is that the carpet or fabric will not be altered after cleaning.

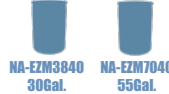

Bio-Enzymatic Cleaner / Odor Eliminator

ENZYME

- Completely removes organic stains such as grass, blood, vomit and urine
- Cleans and eliminates odors at their source
- Safe and powerful natural bio-enzymatic formula

ENZYME Bio-Enzymatic Cleaner/Odor Eliminator is designed to remove organic stains such as grass, blood, vomit, urines and feces from multi surfaces – car upholstery, crates, pet beds, rugs, leather, furniture, hardwood and carpet, etc.. This innovative non-toxic, non-Corrosive, biodegradable & 100% organic formula utilizes antimicrobial agents to remove embedded organic soils and eliminate odors at their source.

Oxy Carpet & Upholstery Cleaner

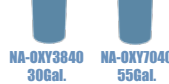

OXY PUNCH

New Improved Formula

- Versatile multipurpose cleaner with Oxy action
- Powerfully removes grease, grime, dirt, food dyes & fruit juice
- Safe on granite, upholstery and more

OXY PUNCH Oxy Carpet & Upholstery Cleaner is a peroxide based, multi-purpose cleaner designed to quickly cuts through grease, grime, food dyes and fruit juice stains. This versatile cleaner dries quickly, leaves no residue and does not leave water marks on fabrics. It's also perfect for daily use in kitchens, bathrooms, and throughout the home, yet safe on delicate materials such as upholstery and granite.

NOTE: This product is not recommended for suede or leather. Leather that has cracked from age or neglect cannot be restored by this or any other known product.

Carpet Cleaners

Foaming Carpet Shampoo

CARPET SHAMPOO

- Wet/Dry soil release
- Superior anti-resoiling properties
- Dry soils are repelled from fibers for easier cleaning
- Pleasant odor
- Specially designed for today's carpet
- Environmental friendly
- Biodegradable

Dilution: 19 : 1

CARPET SHAMPOO Foaming Carpet Cleaner is designed for normal maintenance and cleaning of stain resist/wool carpeting. Formulated to remove maximum amount of soil and not adversely affect the built-in properties of the

carpeting. Specially designed for today's carpets, CARPET SHAMPOO has the following features:
Using unique cleaning technology, the best part is that the carpet or fabric will not be altered after cleaning.

Removes Exterior Organic Residue

Bug Remover **HAPPY BUG**

- Annihilates pesky bug guts
- Advanced, clear-coat safe surfactants
- Safe on paint, glass chrome and plastic trim

Dilution: 4:1 ~ 9:1

Formulated using advanced, clear-coat safe surfactants, **NANOSKIN HAPPY BUG** Bug Remover is a fast-acting cleaner that annihilates pesky bug guts before they cause damage to your vehicle's delicate finish. If you live in a region that's plagued by the infamous love bug, you'll be able to remove them as well! HAPPY BUG also works great on tar, road grime and heavy road films. HAPPY BUG is a concentrated formula that can be diluted up to 9:1 with water.

Helpful Tips:

In hot arid climates or weather, it is best to dilute the bug remover a little more to the lean end of the recommended ratios and apply a greater volume of the product over a larger area. This will help cool the greater surface and allow more time for the product to act on the bugs. If too little diluted product is sprayed on just a small area of a hot surface, it can dry too quickly and not be as effective.

Wheel Coating / Brake Dust Repellent

Wheel Protective Shield **BRAKE DUST**

- Creates a firm barrier
- Hardens to form a protective shield
- Repels brake dust and road grimes
- Amazing heat resistance
- Relentless water beading
- Spray-on, leave-off
- Single stage and clear coat safe

BRAKE DUST is a scientific breakthrough that introduces a new dimension of wheel protection. This formula forms an amazing heat resistant barrier that repels brake dust and road grime. New hydrophobic polymer provides relentless water beading and protection against conventional acidic wheel cleaners. This breakthrough technology builds such incredible protection that wheels stay cleaner longer and clean up easier. A harsh wheel cleaner will no longer be necessary.

Rinseless Express Wash

Rinse Free Express Wash **RINSE FREE**

- A fast solutions to clean exterior and interior surfaces
- Leaves the surfaces clean, clear and streak-free
- Biodegradable formula is hyper concentrated

Dilution: 127:1 (1 Oz. per Gallon)

RINSE FREE Rinse Free Express Wash is formulated to quickly and efficiently clean in direct sunlight without rinsing with water. It helps prevent scratching of paintwork, metals, and plastics. This is an outstanding product for people looking for a way to clean their vehicles when they cannot perform a traditional car wash. City dwellers or people living in water-restricted areas will get a lot of use out of NANOSKIN RINSE FREE. It's also fantastic for car washing in the garage during the winter.

Large Professional Hook Backing Plate

J-Hook: Diameter 7.125", Fits 5/8"-11 Thread

Designed for Hook & Loop fast attachment. For use with 7.50" to 9.00" diameter pads that have loop material backing.

NAA-PCB1

Pad Conditioning Brush

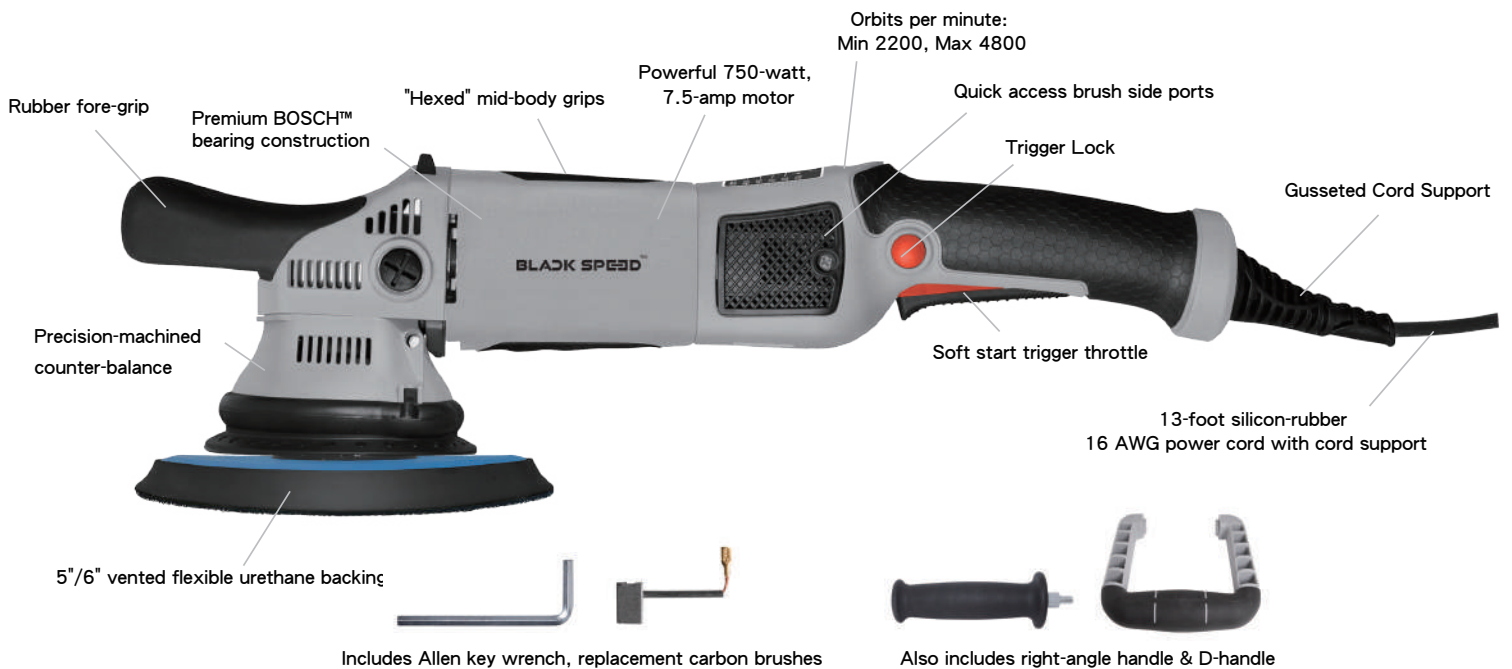

Pad Conditioning Brush has an ergonomic, angled handle that allows you to easily press it against the pad while it is in motion on the polisher. Your hands will stay clean as the brush agitates the pad surface to restore its texture. It takes just a few seconds and then you can continue working with a good-as-new pad! This brush works on foam and wool pads and NANOSKIN MICROBUFF Pads. The synthetic bristles hold up to all paint care products. The handle is sturdy and strong.

BLACK SPEED™

Long-Throw Random Orbital Polisher

BS-D015-120 15mm 120V Random Orbital Polisher **BS-D021-120 21mm 120V Random Orbital Polisher**

- Powerful 750-watt, 7.5-amp motor
- 15/21mm long-throw orbit
- Premium BOSCH™ bearing construction
- Precision-machined counter-balance
- 5"/6" vented flexible urethane backing plate
- Orbits per minute: Min 2200, Max 4800
- Fully variable speed trigger throttle with soft start
- 13-foot silicon-rubber 16 AWG power cord with cord support
- Rubber fore-grip, "Hexed" mid-body grips, and pistol grip
- Quick access brush side ports
- Includes Allen key wrench, replacement carbon brushes, washer modification, and grease tube
- Also includes right-angle handle & D-handle

3" Pneumatic Mini Rotary Polisher
MB-AR03

HD HYBRID FOAM PAD

Available in 6" & 7"

Engineered Bevel

Engineered angle design prevents pad "rolling," allowing pad to stay flat on the surface.

Dual-Density

Multi-Density design maintains optimum surface contact eliminating a "concaving effect" which extends use on Long Stroke machines.

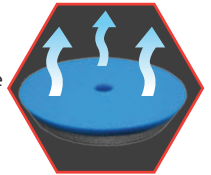

Self Centering

To fit 5" and 6" backing plates

Cool Running

Runs 10% COOLER on Long Stroke machines than comparable pads

Performance

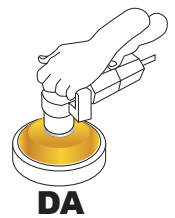

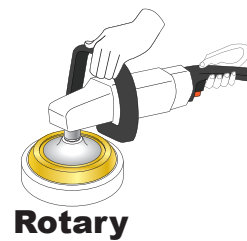

Eliminating

Pad Concaving, Pad Bowling Effect & Premature Failure

- Perfectly balanced pad for optimum control
- Increased stability from Dual Density design allows improved control on curved panels
- Less foam movement minimizes haze and micro marring
- Pad design allows for quick cleaning and drying

Air Fresheners

AIR FRESHENER

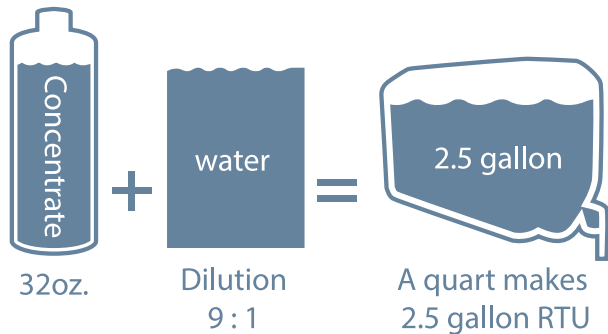

- Smells fresh and clean
- Safe on wool, instantly removes even toughest odors
- Deodorizes bad odors, restores clean scent

Dilution:

Dilution: 9 : 1 (A quart makes 2.5 gallon RTU)

NANOSKIN AIR FRESHENER is a concentrated air freshener and deodorizer. A 32 Oz. concentrate will make 2.5 gallons ready to use product. Each scent is made with unique fragrances designed to smell fresh and clean. It eliminates foul odors, including smoke, and provides a long-lasting, pleasant scent. After dilution, just spray it inside your vehicle to restore a clean scent.

AEROSOL SPRAY PAINTS

Trim Black

Formulated for automotive exterior metal trim components. Also use on most types of metal, wood and wicker. Provides a tough finish that is durable, inhibits rust and is heat resistant to 250°F. Resists cracking, peeling and chipping. Dries to the touch in 5 minutes and can be recoated in 30 minutes. For bare or rusted metal surface, use with 66-110 Light Gray Primer. VOC Compliant in all 50 States.

Stock #	Color/Description	Net Wt.
66-101	Trim Black	12 oz.

Dull Aluminum Blast

A superior grade coating formulated with acrylic resin for best adhesion and maximum durability. This non-leaving pigment prevents it from rubbing off after application and is ideally suited for alternators, calipers, water pumps and transmission housing. Gives rebuilt aluminum parts a factory fresh appearance. Won't smudge with excellent 1-coat coverage. For use on most metal and wood. Resists corrosion and abrasion and is heat resistant to 250° F, VOC Compliant in all 50 States.

Stock #	Color/Description	Net Wt.
66-108	Dull Aluminum Blast Acrylic Lacquer	12 oz.

Enamels

A top quality line of enamel aerosol spray paints provides a tough finish that is durable, inhibits rust and is heat resistant to 250°F. For use on most types of metal, wood and wicker. Also for use on wheel wells and undercarriages. It is formulated to dry quickly so painted parts can be handled in minutes. Dries to the touch in 5 minutes and can be recoated in 30 minutes. For bare or rusted metal surface, use with 66-110 Light Gray Primer. VOC Compliant in all 50 States.

tock #	Color/Description	Net Wt.
66-102	Gloss White Enamel	12 oz.
66-103	Gloss Black Enamel	12 oz.
66-104	Flat Black Enamel	12 oz.
66-105	Semi-Gloss Black Enamel	12 oz.

Chrome Aluminum

A fast drying lacquer spray paint that provides durable indoor and outdoor protection. For use on most metal, wood and wicker. Especially useful for repainting mag and aluminum wheels. Dries to the touch in 5 minutes and recoat in 20 minutes. Heat resistant to 250°F. Resistant to the effects of weather and many chemicals. For bare or rusted metal surfaces, use with 66-110 Light Gray Primer. VOC Compliant in all 50 States.

Stock #	Color/Description	Net Wt.
66-106	Chrome Aluminum Lacquer	12 oz.

Gloss Clear Acrylic Lacquer

A fast drying lacquer spray paint that provides durable indoor and outdoor protection. For use on most metal, wood and wicker. Especially useful for coating engines and providing a protective top coat for wheels. Inhibits rust and is heat resistant to 250°F. For bare or rusted metal surface, use with 66-110 Light Gray Primer. VOC Compliant in all 50 States.

Stock #	Color/Description	Net Wt.
66-107	Gloss Clear Acrylic Lacquer	12 oz.

Primer

Specially formulated primer that provides maximum rust protection and better adhesion for the top coat. Provides a smooth, professional finish. Dries to the touch in 5 minutes; is sandable and finish coat may be applied in 30 minutes. VOC Compliant in all 50 states.

Stock #	Color/Description	Net Wt.
66-110	Light Gray Primer	12 oz.

All Dry Times Are Based On 72° F, 50% Humidity and 1.5 Mil Thickness

TURBO SPOT™

Spot-Out Carpet Cleaner

Powerful carpet stain and spot remover that cleans and degreases with water soluble solvents. It saturates material for instant cleaning, leaving no residue behind. Features stream spray. Cleans spots and stains. Destroys odors. Safe on most fabrics. Spray on, blot off. Removes stains due to dirt, ink, grease, oil, mud, ketchup, urine, vomit, coffee, tea, soft drinks, and blood. VOC Compliant.

Stock #	Description	Scent	Net Wt.
66-233	TURBO SPOT™ Carpet Cleaner	Citrus	18 oz.

CAN GUN® 1

◆ 85-004

Patented pistol grip aerosol spray can tool that easily snaps on standard aerosol spray cans. CAN GUN®1 transforms aerosol cans into professional-style spray guns with unprecedented control for hours of effortless pain-free spraying.

CAN GUN®1's exclusive internal design substantially reduces the amount of force required to actuate the can's valve, thereby providing effortless spraying. Fits 100% of all standard spray cans.

AEROSOL CLEANERS • MASK ADHESION PROMOTER • UNDERGOATING • ODOR FOGGERS

TURBO CLEAR™ *Ammonia Free Glass Gleaner*

Ammonia Free formula designed to quickly and effectively remove dirt, grease, grime and other contaminants without streaking. Thick foam lifts away the toughest soils on all glass surfaces. Wipes out quickly, without streaks or rainbows. Will not cause build-up on surfaces. Use to clean mirrors, windows and automotive glass. Will easily remove (without streaking) the heavy film left from cigarette, cigars and pipe smoke on the inside of the glass. VOC Compliant.

Stock #	Description	Net Wt.
66-215	TURBO CLEAR™ Ammonia Free Glass Cleaner	19 oz.

TURBO CLEAR™ *Ammoniated Glass*

Effective industrial strength foaming glass cleaner. Unique blend of detergents easily cleans away most dirt, grime, grease, films, scum, smudges, smears and bugs. Thick foam clings to glass surfaces and dries streak free. Contains no oils, waxes or silicones to cause a dirt-attracting film. Efficient. Economical. For use on all glass and Plexiglas® surfaces. Plexiglas® is a registered trademark of Rohm & Hass Company. Ideal for cleaning windows, mirrors and windshields. VOC Compliant.

Stock #	Description	Net Wt.
66-216	TURBO CLEAR™ Ammoniated Glass Cleaner	18 oz.

TURBO GRIP™ *Carpet Mask Adhesion Promoter*

Specially formulated adhesion promoter for carpet film. A fast setting, all purpose waterproof adhesive for temporary bond. Creates a removable coating that allows the adhesive on the back of Carpet Mask to create a stronger bond with carpet, yet allows for easy removal. VOC Compliant.

Stock #	Description	Net Wt.
66-220	TURBO GRIP™ Carpet Mask Adhesion Promoter	12 oz.

Paintable Rubberized Undercoating

An extremely durable rust and corrosion inhibitor. Resists chipping and will not crack or peel with age. Elastic and waterproof. An asphaltic, rubberized undercoat for use on cars, trucks and trailers, etc. To prevent rust and deaden sound. Paintable undercoat leaves a firm, black, resilient, rubbery texture which will provide years of protection. Additional applications and uses: on trucks, farm and construction equipment, in collision shops, as a tree Wound dressing, and gutter and flashing sealer. Seals electrical boxes and fittings. Seals concrete and asphalt driveway cracks. VOC Compliant.

Stock #	Description	Net Wt.
66-211	Paintable Rubberized Undercoating	16 oz.

Total Release Odor Foggers

Unique odor control effective in eliminating all types of malodors including urine, feces, decay, rancidity, animals, fire, tobacco smoke and cooking. Neutralizes and destroys odors in up to 6,000 cubic feet of space. This product is not a cover up but chemically destroys the odor molecule, thus eliminating offensive odors. Two-way valve can be locked down into open position for complete discharge or lightly depressed for short bursts of spray. Available in 8 scents.

Stock #	Description	Net Wt.
66-301	Mulberry Scented Odor Fogger	5 oz.
66-302	Cucumber Melon Scented Odor Fogger	5 oz.
66-303	Lemon Lime Scented Odor Fogger	5 oz.

Adhesion Promoter

Improves the bond between refinisher and plastics, like PPO, TPO, and metals. Prevents flaking, cracking and peeling. To ensure best results, use this product as a base on rigid TPO/polypropylene surfaces like bumpers and door panels. No matter if you're renovating an interior or making a simple repair, refinisher preparation with Adhesion Promoter Will deliver the results you want.

Stock#	Description	Net Wt.
66-001	Adhesion Promoter	12oz.

CLASSIC TORNADO CLEANING TOOL

COVERED BY US PATENT NO. 7,753,059

- Oscillating tip and cone nozzle enable powerful tornado cleaning across various surfaces
- Pressurized mist system ensures even application, lifting grime for quick wiping
- Versatile for both interior and exterior surfaces, ensuring rapid drying
- User-friendly dial with compatibility for 60-90 psi compressors simplifies cleaning

• EG-1008

SONICWAVE PRECISION CLEANING TOOL

COVERED BY US PATENT NO. 7,753,059

- Clean carpet, plastics, foam & wool pads, and upholstery interior
- Blast cleaning solution into crevices unable to reach by hand
- Low moisture, atomizes cleaner and detergent into 1~10 µm

• EG-1002

SHAMPOO GUN

- Turn your favorite shampoo into super thick, long-lasting foam
- The suds (2~8 µm) cling to vertical surfaces with out running off
- Longer presoaking time than traditional foamers

• EG-100

X4 THE ATOMIZER PROFESSIONAL DRESSING TOOL

COVERED BY US PATENT NO. 9,211,560

- Dresses vinyl, rubber, tire, plastic, leather, wood, stone, etc..
- Enhances durability and gloss with excellent atomization.
- Saves chemical consumption up to 80%

• EG-X004

MULTI-FUNCTION CLEANING GUN

COVERED BY US PATENT NO. 8,353,467

- Cleans engines, wheels, tires, vents, trunks, door jams, etc..
- Pressurized cleaning brush easily breaks down stubborn dirt and grease.
- Green solution – 10L/ hour water consumption.

• EG-1003

X5 AIR BLOW / DRY CLEANING GUN

COVERED BY US PATENT NO.9,211,560

- Cleans and dries debris and moisture out of hard-to-reach areas
- Channels air into a powerful tornado-like motion
- Quickly lifts dirt and moisture from any surface

• EG-X005

DUST COLLECTOR VACUUM GUN

COVERED BY US PATENT NO. 7,753,059

- A blow & suction gun
- Breaks down stubborn dirt then suck simultaneously
- Increases vacuum efficiency and power up to 50%

• EG-1006

PAD CLEANING GUN

- Cleans wool pads, microfiber pads & foam pads in seconds without spinning or scrubbing
- Revolutionary oscillating “bobbing” tip creates a hypersonic-like cleaning action
- Use with NANOSKIN® Pad Cleaning Agent to achieve best result
