

EVERGREEN

ECO-Friendly System

rofessional Cleanin

EG-X001

- A innovative pneumatic tool to clean carpet & upholstery interior
- Blasts low moisture cleaning solution with unique "Ball Bearing" engine
- Designed to clean without over saturating the surface

NANOSKIN EVERGREEN X ONE releases a fine mist of cleaning solution that does not over saturate surfaces. The unique patented "Ball Bearing" engine creates a high speed rotatable cleaning action with reduced air consumption and noise. The tool can run on minimum 58 PSI compared with previous model requiring 90 PSI. You'll see the liquid turning dirty as grime is released from the surface. Wipe with a microfiber towel, then turn the air reverse switch to shut off the liquid source and use the compressed air to dry cleaned area.

Technical Data

Air inlet	1/4"
Air pressure	58 ~ 115 psi
Free Speed	9000 rpm
Air consumption	254 I/min. / 8.97cfm (at 90 psi)
Weight	0.7 kg

To achieve best result, use with:

Bio-Enzymatic Cleaner / Odor Eliminator

- Completely removes organic stains such as grass, blood, vomit and urine
