

DISHWASHER POWDER (425)

This exceptional dishwasher powder delivers clean dishes for busy time-crunched families who need clean dishes every day, every week, without spending a fortune.

DIRECTIONS FOR USE

Use one (1) scoop (25 grams) for each standard load. Use more powder for large loads or heavily soiled dishes. The most efficient and effective pathway to sparkling dishes is to remove food from dishes BEFORE running the washer. Ensure items are dishwasher safe. Load items with soiled surfaces facing the center and taller items away from the center. Aluminum, silver and stainless steel should be washed in separate loads to avoid discoloration.

Our plant-based enzyme is masterfully designed and crafted to clean dishes effectively and economically. This blend unleashes its power in the presence of water (hard or soft) for effective cleaning. Made from mostly plant and mineral-based ingredients, this powder is biodegradable and septic safe, and does not hurt the environment. A built-in rinse-aid reduces spotting. Fragrance-Free. Not tested on animals.

INGREDIENTS: Sodium Carbonate (mineral), Sodium Sulfate (mineral), Sodium Percarbonate (mineral), Sodium Gluconate (plant), Sodium Metasilicate (mineral), Methylglycinediacetic Acid-Sodium Salt (synthetic, EPA Safer Chemical listed), Sodium Citrate (plant), Sodium Silicate (mineral), Sodium Polyacrylate (synthetic, EPA Safer Chemical listed), Protease (plant), Block Copolymer (synthetic, EPA Safer Chemical listed), Tetraacetyl Ethyl Diamine (synthetic, EPA Safer Chemical listed), Amylase (plant), and Citric Acid (plant).

**FRAGRANCE-FREE PRODUCTS
CONTAIN ABSOLUTELY
NO FRAGRANCES**
