

# FLOOR CLEANER (159)

Removes dust & grime. Safe for wood & laminate floors.  
pH-Balanced. Non-alkaline. Minimizes streaking.

## DIRECTIONS FOR USE

Sweep floor clear of debris and dirt. Dilute Cleaner by adding about 6 tablespoons (1/3 cup) to each gallon of warm water. Add a little more Cleaner if the area is extremely soiled. Mop and scrub floor as needed to loosen and gather soils onto mop. Rinse off soils into sink or bucket and rinse mop with fresh water. Repeat as needed to remove the soils from the floor and rinse them off into the sink or bucket. After soils are removed, wipe floor one last time with freshly rinsed mop to ensure all soils and Cleaner are removed. Spray at full strength for spot cleaning.

**NOTE:** Our floor cleaner also works well in automatic floor cleaning machines.

Cleans and shines with predominantly plant and seed-based ingredients.  
Can be used in automatic floor cleaners as well as with a bucket and a mop.

**INGREDIENTS:** Purified Water, Propylene Glycol Methyl Ether (synthetic, EPA Safer Chemical listed), Methylglycinediacetic Acid, Sodium Salt (synthetic, EPA Safer Chemical listed), Alcohol Alkoxylate (plant), Isopropylidene Glycerol (plant), Citric Acid (plant), Benzisothiazolinone, Methylisothiazolinone, & Phenoxyethanol (synthetic, EPA Safer Chemical listed), and Natural Fragrances (plant).
