

STAIN & ODOR REMOVER (203)

Ultra-premium, enzyme-packed, stain and odor remover. Digests rather than masks odors. Works great on stains and odors from children, pets, blood, poop, barf, and wine.

DIRECTIONS FOR USE

SURFACES: Spray onto surfaces or fixtures and wait five or more minutes so the enzymes can dissolve the soils and odors. Scrub or scour if required. Rinse with water or wipe well with damp cloth. **CARPET & FABRIC:** Spray soiled area then cover with damp cloth to keep area moist, allowing enzymes to "digest" odors and soils. **Light Soils:** Remove the wet cloth, allow the area to dry, and then vacuum up any residue. **Heavier Soils:** After ten minutes, remove the damp cloth and spray a little fresh water onto the area, then rub and blot the area with a clean cloth to remove the stain/odor residue. Vacuum up any residue when dry. **Repeat as needed** for stubborn stains and odors. **DRAINS:** Pour one cup (8 fl oz) down the drain without adding water and let sit overnight or at least for one hour. Then flush with fresh water.

Effective on surfaces, fixtures, laundry items, carpets, and furniture. Enzymes target and destroy sources of odors rather than merely masking with fragrances. Wonderful at cleaning tough stinky messes.

INGREDIENTS: Purified Water, Multiple Enzymes (plant), Alcohol Alkoxylate (plant), Benzisothiazolinone & Methylisothiazolinone (synthetic: EPA Safer Chemical listed), and Natural Fragrances (plant). All fragrances used are ISO 9235:2013 certified Natural.

KEEP OUT OF REACH OF CHILDREN. May cause eye or skin irritation. In case of eye contact, flush with water for ten minutes. In case of ingestion drink lots of water. Consult a doctor if concerned.

Readily Biodegradable. Free of dyes, SLS, SLES, phosphates, phthalates, chlorine, and sodium hydroxide. Not tested on animals. Ultra-green. Ultra-effective.
