

# VEHICLE CLEANER (747)

Soft, plant-based, biodegradable suds enable the removal of road grit and other soils. This cleaner leaves vehicles sparkling clean without harsh chemicals and environmentally dangerous run-off.

## DIRECTIONS FOR USE

Add approximately 1/4 cup (4 tablespoons) to a gallon of warm water to create a (diluted) ready-to-use cleaning solution. Thoroughly wet the vehicle with water and use a clean sponge to apply the diluted cleaner to the vehicle. For heavily soiled areas and bug removal, use the cleaner full-strength. Brush or scrub all surfaces, then promptly rinse with fresh water. Dry using clean towels.

Masterfully designed and crafted to work as well as conventional vehicle cleaners, but without using harsh chemicals. This concentrate is a very effective, cost-effective cleaner enabling you to enjoy clean vehicles without poisoning the environment. Protect wildlife, your pets, and the fish in the streams by using this effective earth-friendly cleaner. The run-off is readily biodegradable and the cleaner is safe enough to let the kids help you wash.

**INGREDIENTS:** Purified Water, Alpha-Olefin Sulfonate (synthetic), Cocamidopropyl betaine (plant), Lauramine Oxide (plant), Sodium Chloride (mineral), Carboxymethyl Inulin (plant), Sodium Polyitaconate (plant), Benzisothiazolinone, Methylisothiazolinone, and Phenoxyethanol (synthetic, EPA Safer Chemical listed).
