

As well as offering a lifetime guarantee that includes repairs, our Full Circle buy-back scheme keeps vintage lights in use forever – helping you and our planet.

**How it works**

Buy any vintage light from our collection, and after one year (or longer) trade-in your light(s) in exchange for a 50% credit towards a future purchase. Returned items are then repaired, restored and recertified by our experts, and placed back into the market. For full T&Cs please visit [skinflintdesign.com/pages/legal/terms-conditions-summary](http://skinflintdesign.com/pages/legal/terms-conditions-summary)

**How to return an item**

Please ensure you are confident that you meet all the criteria for trade-in as detailed in the T&Cs above before commencing this process.

Simply notify us of your intention to trade-in your light(s) by calling 01326 565227 or emailing [studio@skinflintdesign.com](mailto:studio@skinflintdesign.com) and our team will guide you through the process.

Then, just safely repackage the light(s) you wish to trade-in, pop this form in the box, and return it to us using a professional courier to the address included at the bottom of this document.

**What happens next?**

Once we've received your light(s), we'll check it over and approve it. We'll then email your credit note ready to spend on your next vintage light. Simply get in touch with us to redeem it.

**Need more help?**

Give the studio a call on 01326 565 227 or email us on [studio@skinflintdesign.com](mailto:studio@skinflintdesign.com)
