PARAX®

MADE WITH PASSION

Instruction

1. Print this file. The logo is already the right size and does not need to be scaled.

2. Attach the logo to your desired location.

3. Visit our Instagram channel and select the filter.
   (https://www.instagram.com/ar/115998155140 9837)

4. Move the phone camera over the logo.

5. If it doesn't work right away, make sure you have adequate lighting and move back and forth to calibrate the filter.
