

SnackBars Installation Manual

Included

- (2) SnackBars
- (20) grip rings in 4 different colors
- (2) M5 25mm hex bolts
- (2) split lock washers

Tools needed

- 4mm Allen key
- Rubbing alcohol

Note: A preinstalled Hooptie mounting bracket is required to install SnackBars.

Installing SnackBars

Insert SnackBars to the desired position using the hashed guides for narrow and wide configurations.

Using the lock washers, thread the M5 bolts, making sure the threaded mounting holes are aligned.

Tighten the M5 bolts using a 4mm Allen key.

Apply rubbing alcohol to the SnackBars to assist in sliding on the grip rings according to the pattern of your choosing.
