

TRA90GPBL

90CM VICTORIA GAS FREESTANDING COOKER

MADE IN ITALY

Since 1948

THERMOSEAL

The seal of Smeg's quality, technical excellence and taste: succulent roasts, crisp pastry and impressive baking is achieved in Smeg's unique, perfectly controlled cooking environment. Thermoseal maintains the perfect atmospheric balance in the cavity for optimum cooking conditions.

EVER CLEAN ENAMEL

The superior quality of Smeg's signature Ever Clean enamel, which is highly durable and easy to clean, is the result of over 75 years of enameling expertise; ensuring long-life performance of every Smeg oven.

PYROLYTIC CLEANING

Smeg's pyrolytic cycle locks the door and heats the oven to around 500°C. This process carbonises any food residue or burnt-on grease to a small amount of ash, which can be simply wiped away with a damp cloth.

SOFT CLOSE DOOR

The new soft-close mechanism on Smeg's oven doors ensures a two-stage soft and quiet close. Smeg's quality hinges also ensure the door will not drop on opening, an intrinsic safety feature.
