

Class Supply List

Class Title: Nina by G E Designs

Instructor: Pam Nagle

Supply List:

Nina Quilt Class Supply List

Date/Time: May 18, 10:30 to 2:30

A great twist on the basic 9 patch, this quilt uses fat quarters only. It features the Stripology ruler by GE Designs that can reduce your cutting time by 75%. The pattern comes with 5 different size options: crib, lap, twin, full and queen.

You will need:

Your sewing machine. (Remember the pedal and power cord.)

Nina pattern by GE Designs (GE167); fabric requirements depend on what size you want to make

Creative Grids Stripology XL Ruler CGRGE1XL OR Creative Grids Stripology Squared Quilt Ruler CGRGE2

Thread—I recommend Quilters Select 60 weight with matching prewound bobbins (at least one since not all bobbins hold the same amount of thread)

A new Sharps needle 75/11

Seam ripper (my favorite is the Clover brand with the white handle)

6-1/2-inch x 24-inch ruler and cutting mat and 45mm rotary cutter with a new blade

Spray starch (such as Best Press)

Fabric scissors, thread snips; have you tried the new Kai scissors?

Straight pins and pin cushion (my favs are the Clover brand blue Flower head or the fine orange and green glass head)

Three (3) large (gallon) zip top bags; pad of post it notes and a sharpie or ball point pen

Nice to have:

Clapper—helps to press the block seams flat

Many items can be purchased at Quality Sewing & Vacuum the day of class. Notions & accessories purchased during class get 10% off regular price and Sew Fun Members receive 20% off regular price. For details on becoming a Sew Fun member please contact any Quality Sewing & Vacuum.
