

STRIKE B3 7dBi HEAVY DUTY BULLBAR MOUNT ANTENNA - FULL BLACK (ACC-STK B3-B)

The B3 7dBi Antenna offers reliable coverage for 3G, 4G, and 5G networks. The antenna's high gain and reliable performance over 700/850/2100/2600/3600MHz frequencies makes it ideal for rural areas. It has a removable whip and comes fitted with an FME connector and a bullbar mounting bracket for a quick and easy installation. The removable whip allows for seamless removal and re-attachment, giving users greater flexibility. Specifically designed to work with Strike Alpha Cradles.
