FOR IMMEDIATE RELEASE

September 2019 – Strike Develops Phone Holders for Apple’s Latest iPhone 11, iPhone 11 Pro and iPhone 11 Pro Max

Brisbane, September 11, 2019 – Strike, the automotive leader in hands-free technology is proud to present phone holders for Apple’s latest flagship phones: the iPhone 11, iPhone 11 Pro, iPhone 11 Pro Max.

Apple’s latest iPhones are packed with new technologies with their incredibly powerful A13 processor, a faster and easier to use face ID, and upgraded triple-lens camera. Its A13 Bionic chip alone offers faster performance compared to other Android phones in the market.

The new iPhone 11 Pro and iPhone 11 Pro Max boast three rear cameras: wide-angle, super-wide angle, and telephoto lens. The iPhone 11 Pro and the iPhone 11 Pro Max feature a 12-MP unique triangular triple camera setup while the iPhone 11 prides a 12-MP dual camera setup.

To complement the high-end quality of the iPhone 11, Strike has designed the Strike Alpha iPhone 11, iPhone 11 Pro, and iPhone 11 Pro Max phone cradles to minimize road distraction and allow users to maximize the use of their device.

“Strike understands the needs of smartphone users to give their device the best protection. We aim to be the first in developing solutions that minimize driver distraction while keeping smartphone users connected wherever they go,” says Strike’s CEO Chris Ryan.

The Strike Alpha iPhone 11, iPhone 11 Pro, and iPhone 11 Pro Max phone holders are engineered with internal passive antennas that can boost its user’s mobile network at low signal areas – a helpful feature for users on the go and in need of strong cellular reception.

Additionally, the Strike Alpha iPhone 11, iPhone 11 Pro, and iPhone 11 Pro Max phone holders are designed with built-in fast chargers to ensure that smartphone users never run out of power while on long drives. Data pass through is also made possible with this feature.

Wireless charging cradles for the Strike Alpha iPhone 11, iPhone 11 Pro, and iPhone 11 Pro Max are also available. With Strike Alpha wireless charging phone holders, iPhone users can automatically charge and dock their iPhone 11 whilst on the road.

Strike Alpha Car Cradles for the iPhone 11, iPhone 11 Pro, and iPhone 11 Pro Max are now available for pre-order. Visit Strike’s website to learn more: <https://www.strike.com.au/products/Apple-Car-Cradles>
