## **FOR IMMEDIATE RELEASE**

### **Strike Releases Samsung Galaxy Tab Active 3 Rugged Car Tablet Cradle**

BRISBANE, September 30, 2020 – Strike Group, the leading manufacturer of hands-free solutions, launches enterprise-grade tablet holders for Samsung’s latest rugged device: the Samsung Galaxy Tab Active3.

The Galaxy Tab Active3 is Samsung’s newest rugged and portable tablet solution for today’s mobile workforce. The tablet is designed with IP68 and MIL-STD-810H durability to ensure the device withstands the challenging environments of various industries.

The Samsung Tab Active3 is built for next-level productivity running on the Samsung Exynos 9810 chipset for superior performance. The Samsung Tab Active3 is also equipped with Samsung Dex compatibility that provides a PC-like experience from an office setting to wherever you go. These features are aligned with the needs of professionals, field workers, and first responders.

‘The tools we use for work are continuously upgrading. Strike strives to develop tablet holders with features that would benefit the enterprise market,’ says Strike CEO Chris Ryan. ‘The Strike Samsung Galaxy Tab Active3 vehicle mount provides safe and legal mounting solutions for the best driving experience.’

The Strike Alpha Samsung Tab Active3 tablet cradle securely mounts your device for the best viewing position in your vehicle, whether in landscape or portrait orientation. It’s equipped with enterprise-grade charging and signal boosting capabilities. The PRO-install variant charges with 3.0 amps and 2.4 amps for the DIY version to ensure the device is kept sufficiently charged for mission-critical activities.

Additionally, the Strike Alpha Samsung Galaxy Tab Active3 tablet holder is engineered with a universal AMPS pattern at the back of the cradle. Users can mount their device with RAM Mounts or any solution that uses the industry-standard four-hole pattern.

Strike Alpha Samsung Galaxy Tab Active3 tablet cradles are made to withstand up to 25G of an accident and come in variants: PRO-install, DIY, with NFC Extender, Portrait, and Landscape. Lockable versions are also available for added protection in public spaces.
