## GAS FIRED OUTDOOR INFRARED HEATERS

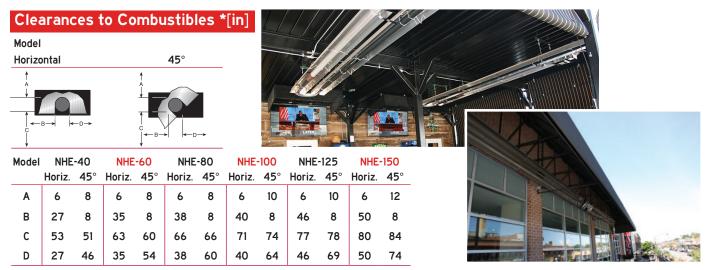

## Keep the Patio Open Year-Round

- Installed overhead, safely away from patrons, freeing valuable floor space for seating.
- One heater covers 20' to 40' of floor space.
- Permanently connected to building's natural gas or propane gas service.
- No changing propane tanks.
- Durable components & construction built to withstand the elements year-round.
- Ships in 5 days.
- Made in the USA.
