Phases — AW '24

# Introduction

Marrying the celestial and terrestrial, Saben's AW24 collection explores the transition from earth to sky, dawn to dusk and summer to winter.

Terrestrial forms mirror the collection; soft pleats and structured silhouettes alike echo the rocky outcrop & delicate rippled strata of the cliff-face. The palette evolves across the sky from midnight blue to lilac haze as the morning light strikes through. Back down on earth, cactus, nutshell and Biscotti anchor the collection with their muted hues.
