AW23 Collection

# AW23 — *Light & Space*

Buckle up and enjoy the ride as for AW23 we take you on a journey back to the era of space-age design, and a nod to one of the pioneers of the movement, Vico Magistretti, the Milanese guru. In fact, Italy is a key player through the collection and a leading source for the finest of fabrics and yarns.

With a focus on Vico's collaboration projects, we re-imagine what his wardrobe may have looked like during his trips across Europe. Dressed to impress, working on an array of architecture and industrial design projects, he exemplified this focus on light and liquidity of form.

Known for functionality and modernism in his work, we mirror this ethos throughout the collection with an introduction of new, contemporary fits and styles across shirting, knitwear, trousers, and outerwear.

In the words of Vico himself, we challenge you to "look at usual things with unusual eyes".
