SPRING SUMMER 2023

## APHRODITE – SPRING SUMMER 2023

Named after the goddess of love and beauty, who was born off the foam of the sea, Aphrodite is a tribute to femininity and nature. It is an encouragement to embrace the goddess in you, to do things that you are passionate about and to surround yourself with things that make you happy.

According to the myth, anyone who swims around the rock where Aphrodite was born will be blessed with eternal beauty. These divine new gems are designed to make you feel everlastingly beautiful as well. Play around like a dolphin, shine like a pearl, and make this Spring and Summer spectacular.

All the best,  
Sisse
