

Product Sheet RHYNOWET PLUS LINE

RHYNOWET PLUS LINE

Cutting efficiency and a quality finish from a waterproof paper

Lightweight material

Extensive grit range from P60 to P2500 for micro finish applications

Waterproof sanding

Optimum surface preparation

Micro finishing

Product Sheet

RHYNOWET PLUS LINE

Features and Benefits

High flexibility

Adaptable to curves & contoured surfaces

Uniformity of scratch pattern

Optimum substrate preparation

Anti-slip

Easy to sand

Use with water

Smooth finish sanding

Substrates

Old paint

Primers

Top Coats

Clear Coats

Fibre Glass

Gel Coat

Solid Surface

Wood Coatings

Walls and Dry Walls

Stone & Concrete

Applications

Heavy Duty Sanding

Micro-finishing / Rectifying

Sanding / Preparation

Fine Sanding

Sanding for Blending

Product Sheet RHYNOWET PLUS LINE

Suited for

Decorative

Automotive Refinishing

Composite Industries

Industry & Manufacturing

Wood & Furniture

Available forms
