Guide for Retail Shops & Businesses

1

Select the a good place near or within the fruits area to place the blender, and some bottles. Use a banner or ad banner to make visible the brand.

Later you can add some ready made bottles to the fridge shelves. You could also create an ice bucket in the till area and place some bottles in there to offer to your customers.

Ask customers if they know the brand, if not, introduce the Everness Health Drink brand, the benefits, the fresh ingredients and tell it's ready made there at your store with your fruits! You may want to give shoots test samples and provide a card.

This guide will help you to setup the **Everness Corner** at your stores, near or within the fruits area. If you have one, or in the back of the bar. **Get creative and add your ideas!**

2

Choose the flavours you would like to sell at your store. You can start offering 2 or 3 flavours at your store is up to you.

Go to '**Recipes**' in the main menu at www.everness.world

Total Grams	333.2	666.4	999.6	1332.8	1666	2009.2	2332.4	2665.6	2998.8	3332

You can easily change the type of fruit, or add another fruit you would like to work with.

Once you have the right fruits, would be helpful to print a copy.

3

Select the number of drinks you would like to blend to have some ready made. Keep them below 5° C in the refrigerator, cooler or fridge. Starting with low volume to test.

This wonderful recipe offers top flavours, texture and it is '**Everness is Best Health Drink on the Market**', freshly made at your stores.

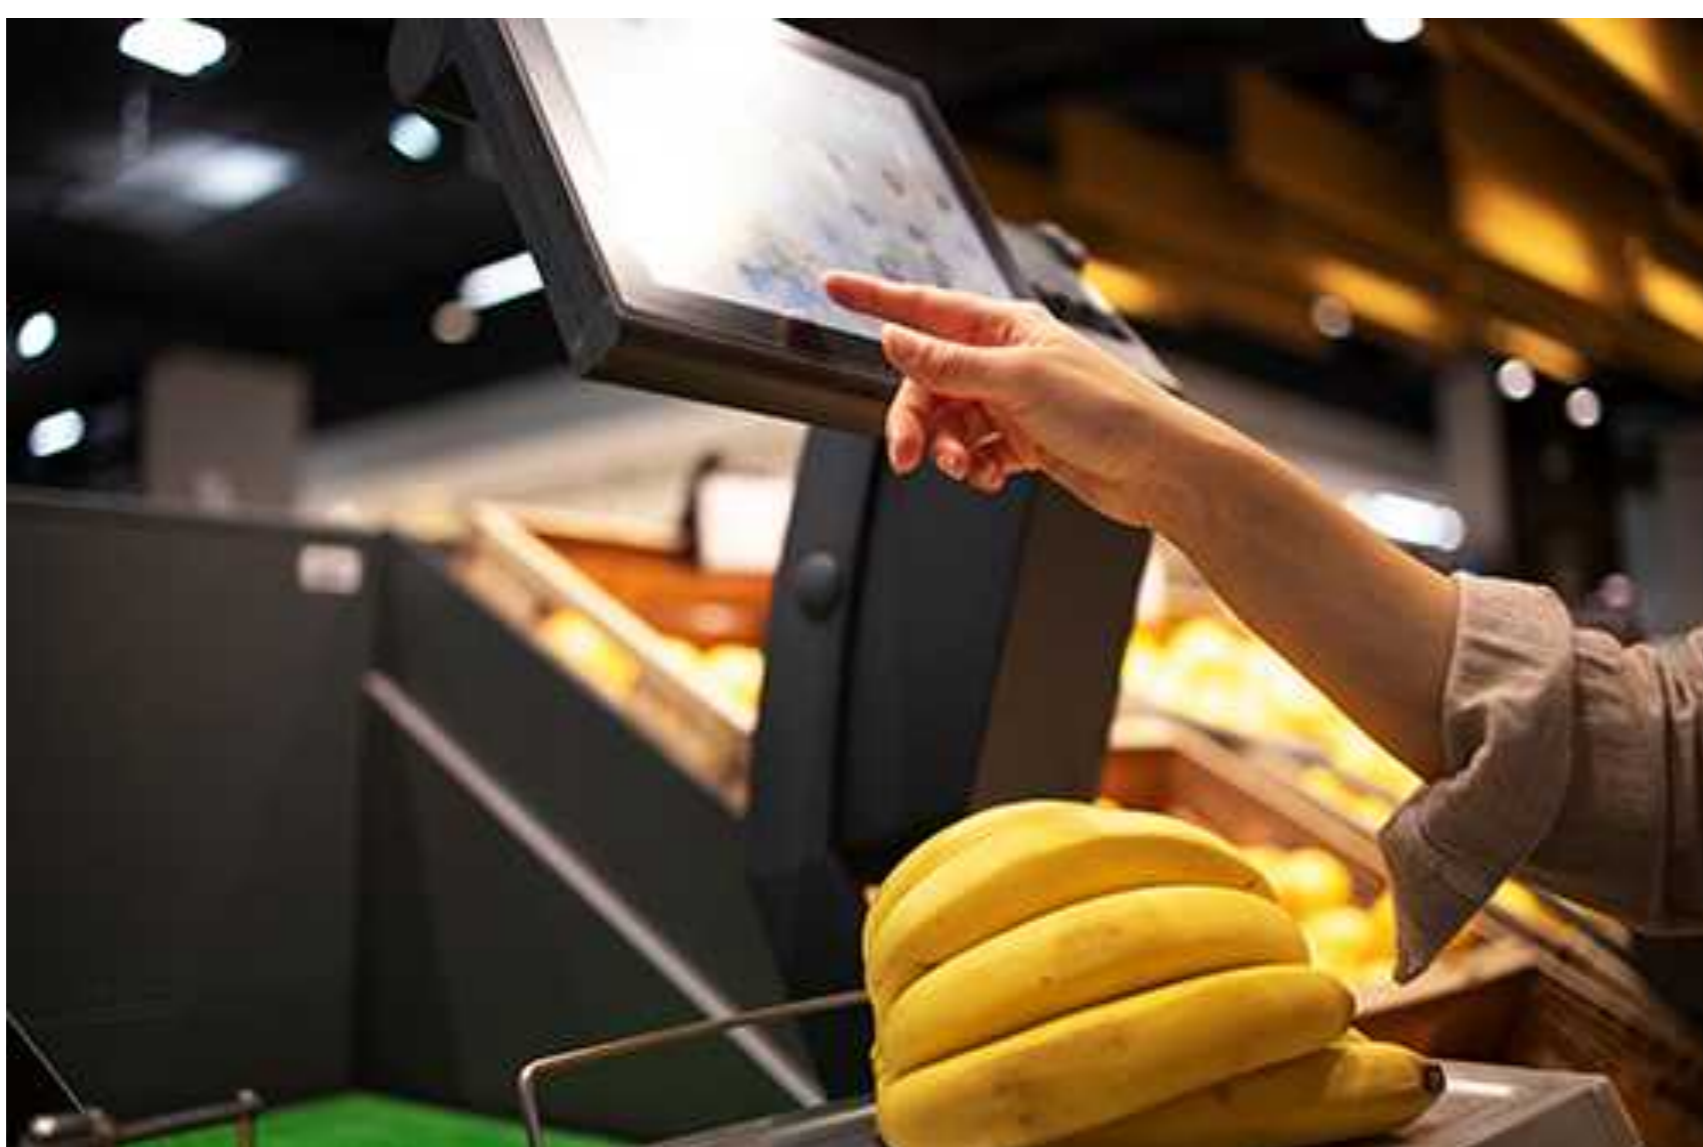

Pick the fruits to blend

Fruits don't have a long-life so 'Everness' is a clever strategic action. Better to blend and sell, that leave and waste.

Weight quantities

Weight all the quantities needed to make the number of servings selected. This way is easy to do the recipe blend in the next steps.

4

Washing the fruit and peeling them is a very important quality control step. Keeping an eye for fruits that are not suitable.

Everness is Best Health Drink on the Market, and is yours too, is our brand! Freshly made by your stores with your fruits, how wonderful, show your love to your customers.

Wash the fruits thoroughly

It's good to wash the fruits well to make sure, they are clean and ready to peel if they need to be peel or just ready to be blended.

Peeling the fruits and watch for any mature parts

Some fruits will need to be peeled. And is a good practice to look for any part that are already too matured.

5

Blending the fruits you will apply texture depending on how you blend the fruits. Using a professional blender will help to get very good results for a fine blend.

This wonderful recipe offers top flavours, texture and it is '**Everness is Best Health Drink on the Market**', freshly made at your stores.
