

Flowers & Fruits 3-Tier Walden White LED Grow Tent Kit

Maximum Strength 3-Tier Shelving

3 fixed shelves provide up to 24 ft² of grow space and support up to 100 lbs each. Shelves are spaced 18" apart to easily accommodate plants, mushrooms and lighting.

EcoWhite PEVA – Triple Layered

The 100% toxin-free material creates a safe, stylish and easy to clean growing area. The tent interior is 10% more reflective than even the most reflective mylar tents.

Vapor Tabs for High Humidity

Innovative Vapor Tabs direct humidity buildup on the tent interior straight into the spill tray, preventing leaking through the tent floor and creating a contaminated space.

Infinity View Front Windows

Extra-large front viewing windows let growers check on plants without disturbing humidity or temperature. Window covers roll back and secure with velcro straps.

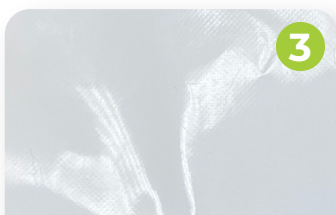

3-Tier Walden Grow Tent Features

1 Heavy Duty Zippers

2 Up to 100 lbs
Max Strength Shelves

3 EcoWhite PEVA Liner

4 Dual-Cinching Ports

5 Solid Locking Frame

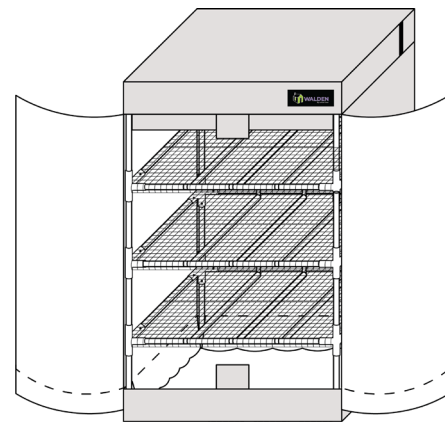

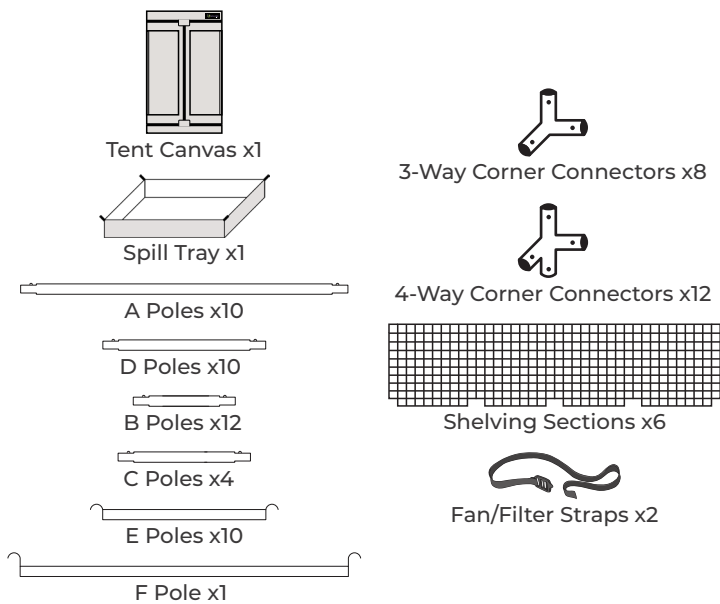

6 Innovative Vapor Tabs

Flowers & Fruits 3-Tier Walden White LED Grow Tent Kit

3-Tier Walden Grow Tent Contents

- Kit includes 6 hangers
- Heavy duty 1/8" braided rope with carabiner and ratchet
- Fully adjustable and auto locking
- Supports up to 150 lbs/pair
- Designed to hang lighting, fan, filter, etc.

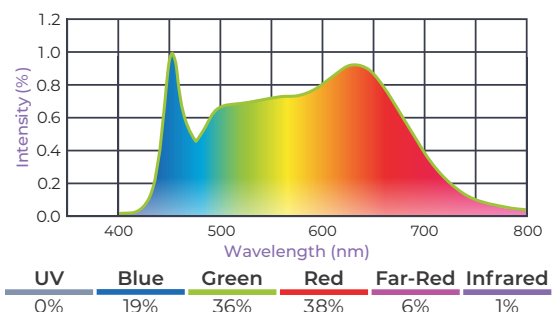

What Can I Grow?

The Flowers & Fruits 3-Tier Walden White LED Grow Tent Kit is our brightest, most efficient system for growing everything from seedlings, to flowers, to fruits and other high light level requirement plants like orchids, edible flowers, tomatoes, peppers, cannabis, hemp and more in 10x20 trays, small-medium sized pots or small hydroponic setups. Fixtures should be placed 6-24" above plants.

Sun White Spectrum

The spectrum that started it all and can grow almost anything is a full-spectrum light formulated to mimic natural sunlight conditions and is ideal for every stage of plant growth. High CRI 95 light accentuates plant coloration and makes visual inspection easier. Includes 660 nm (red) and 730 nm (far-red) wavelengths to boost photosynthesis rates via the Emerson Effect.

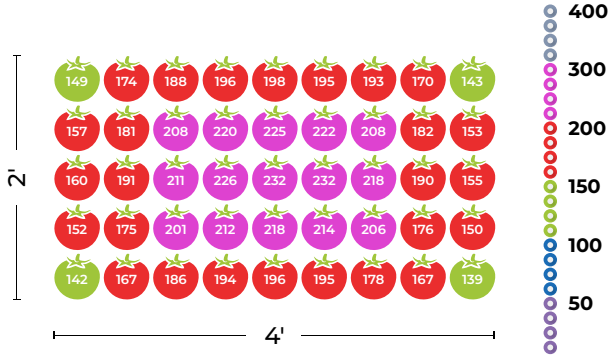

Flowers & Fruits 3-Tier Walden White LED Grow Tent Kit

PPFD Coverage (280-800 nm)

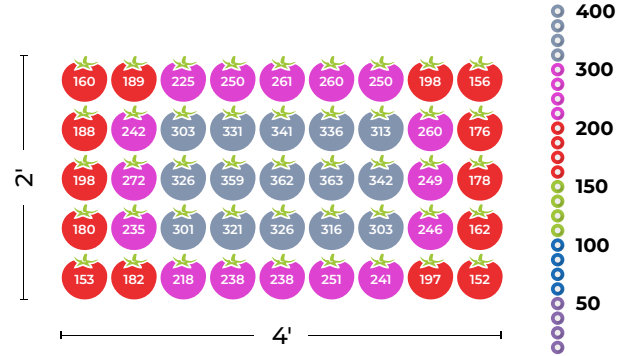

Walden Tent 2'x4'

24" Hanging Height

Average: 188 $\mu\text{mol}/\text{m}^2/\text{s}$

12" Hanging Height

Average: 252 $\mu\text{mol}/\text{m}^2/\text{s}$

PPFD readings were taken in an Active Grow Walden Tent 2'x4' using Active Grow 25W T5 HO Ballast Bypass 4FT LED Grow Lamps in Sun White Spectrum and an Apogee Extended Range PFD Sensor.

SPECIFICATIONS	FLOWERS & FRUITS 3-TIER WALDEN WHITE LED GROW TENT KIT
