

Greens & Veggies 3-Tier Walden White LED Grow Tent Kit

Maximum Strength 3-Tier Shelving

3 fixed shelves provide up to 24 ft² of grow space and support up to 100 lbs each. Shelves are spaced 18" apart to easily accommodate plants, mushrooms and lighting.

EcoWhite PEVA – Triple Layered

The 100% toxin-free material creates a safe, stylish and easy to clean growing area. The tent interior is 10% more reflective than even the most reflective mylar tents.

Vapor Tabs for High Humidity

Innovative Vapor Tabs direct humidity buildup on the tent interior straight into the spill tray, preventing leaking through the tent floor and creating a contaminated space.

Infinity View Front Windows

Extra-large front viewing windows let growers check on plants without disturbing humidity or temperature. Window covers roll back and secure with velcro straps.

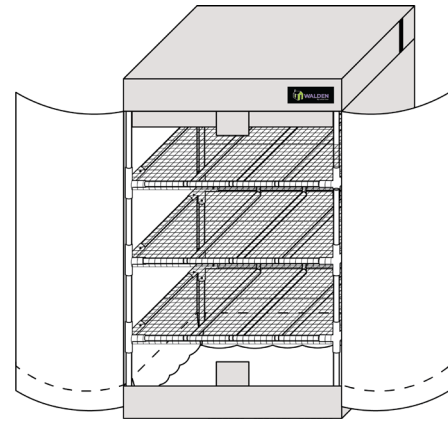

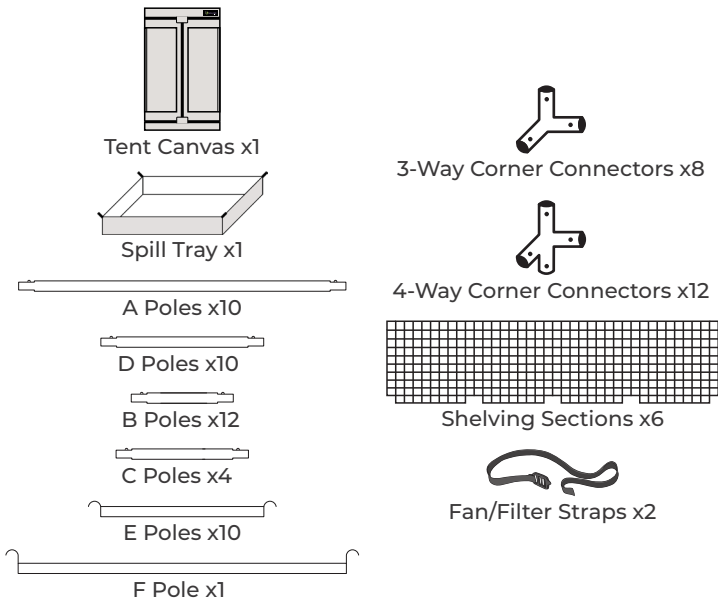

3-Tier Walden Grow Tent Features

Greens & Veggies 3-Tier Walden White LED Grow Tent Kit

3-Tier Walden Grow Tent Contents

Installation is quick, simple and requires no tools. Tent may be cleaned using soap and water or other standard hydroponic sanitizers.

What Can I Grow?

The Greens & Veggies 3-Tier Walden White LED Grow Tent Kit enhances flavor, coloration and nutrients for everything from seedlings, to greens, to vegetables and other high light level requirement plants like lettuce, microgreens, spinach, basil, radishes, beets and more in 10x20 trays, small-medium sized pots or small hydroponic setups. Fixtures should be placed 6-24" above plants.

Sun White Pro Spectrum

Our most professional grade production spectrum and a game changer for commercial facilities is formulated with higher blue light content and dedicated 660 nm (red) wavelengths to promote healthy vegetative growth, root development, tight internodal spacing, phytochemical production and increased flavonoid content.

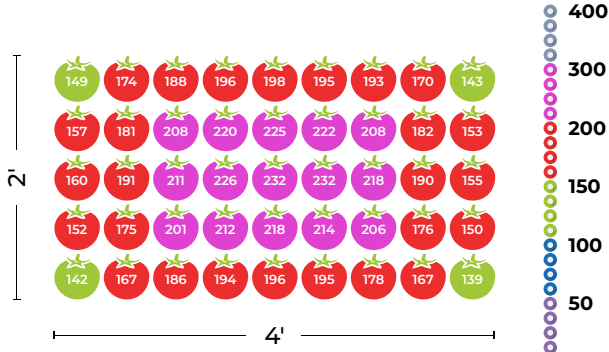

Greens & Veggies 3-Tier Walden White LED Grow Tent Kit

PPFD Coverage (280-800 nm)

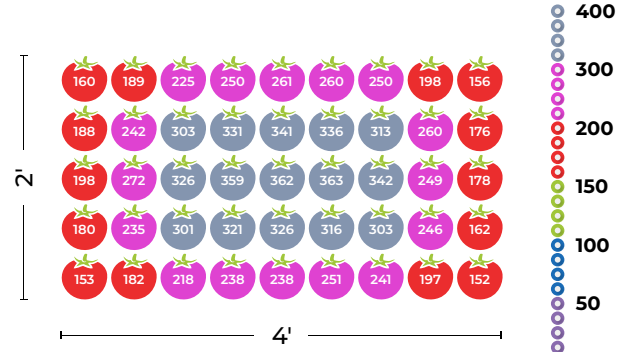

Walden Tent 2'x4'

24" Hanging Height

Average: 188 $\mu\text{mol}/\text{m}^2/\text{s}$

12" Hanging Height

Average: 252 $\mu\text{mol}/\text{m}^2/\text{s}$

PPFD readings were taken in an Active Grow Walden Tent 2'x4' using Active Grow 25W T5 HO Ballast Bypass 4FT LED Grow Lamps in Sun White Spectrum and an Apogee Extended Range PFD Sensor.

SPECIFICATIONS	GREENS & VEGGIES 3-TIER WALDEN WHITE LED GROW TENT KIT
Model number	AG/24TENT/W/3S/VK
