

1. Photos: *Due to the scale of some of these wraps, straight on photos may not always be available. Please supply photo(s) closest as possible to parallel with the wall (showing entire surface area where graphics are to be applied and detailed measurements).

- Perfect angle, no distortion
- Measureable L & H are shown in photo
- Great resource for design

This could be the angle you end up with in long hallways, locker rooms and other close quarters where larger areas will be covered.

Please include any photo(s) that, best show the area being covered.

2. Measurements: *This step is crucial to making sure design, proofing, sizing, printing and referencing to installers is all correct. **Please double check for accuracy before submitting.

a. Overall Wall Size: (for scale and proofing)

L		H	
---	--	---	--

b. Size of Graphic

L		H	
---	--	---	--

c. Height of Graphic (from ground)

H	
---	--

Please select one (surface condition):

<input type="checkbox"/> Painted	<input type="checkbox"/> Not Painted
