Ring Size Guide

Please print our ring size guide out to 100% ensuring no scaling on A4 paper. Check the printed size by measuring the ring sizer tape is 16cm.

You can use this guide in two ways:

Option 1 - Use an existing ring to find out your ring size. Place the ring over the circles below until the inside edge of the ring best matches a specific circle. If your ring sits between two sizes, please select the bigger size or a half size may be suitable when available.

Option 2 - Cut around the sizer at the bottom and make a slit where indicated. Place the end of the ring sizer through the slit to form a loop. Wrap the loop around your finger with the letters side visible. The letter closest to the slit is your ring size.

16cm
