

Assembly Manual **PETIT PUK** for **PEPE SLIDE BED**

Congratulations with your PETIT PUK BED!

Now it's assembly time. Please make sure to check these elements prior to starting:

- ♥ is everything complete?
- ♥ are all pieces in good shape?
- ♥ good spirits and perhaps a partner in crime in your presence?
- ♥ ready to take a photo of your great work afterwards, to share it with us?
- ♥ ticked all boxes with yes? Ready, steady, gooo!

PS. A tip

You will find small green glue tubes with EU standards. Just slide a small amount of glue into the holes to receive the wood dowels. Glue is only necessary at the level of beveled wood stud assemblies for perfect stability. It is not necessary to put glue on the bed base which would prevent you from dismantling the bed afterwards.
