

NOCRY

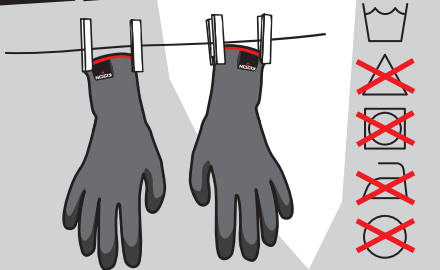

You must read through the following care and use instructions before using your new gloves.

1 NoCry Gardening Gloves GripFit

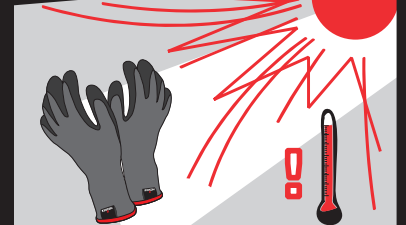

Made from recycled polyester and eco latex. These breathable gloves are water-repellent and feature coated fingertips that are touchscreen compatible.

2 Care/cleaning

Machine wash at 68°F/20°C or clean with a moistened cloth. Avoid using harsh chemicals or solvents, as they may degrade the latex coating. Do not bleach, tumble dry, iron, or dry clean.

3 Storing the gloves

✓ UV-resistant material for using outside in the sun.
 ! When not in use, store the gloves in a cool, dry place away from direct sunlight and heat to avoid damaging the material.

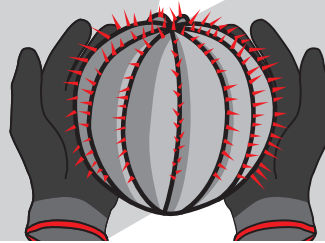

4 ATTENTION!

Latex allergy

Before using these latex-coated gloves, check if you have any latex allergies. Latex allergies can cause skin irritation, itching, or potential severe reactions.

5 Using sharp objects

LEVEL 1
CUT AND
PUNCTURE
RESISTANCE

These gloves offer a certain level of puncture resistance, but **they can still be penetrated by sharp objects**. Be cautious while handling thorny plants, sharp tools, or any other objects that may cut or puncture the gloves.

6 Carefully assess working environment/ Important things to keep in mind

not fire-proof

not chemical-proof

not waterproof

These gloves have their limits and work best when used with caution. Always follow proper safety procedures and use other protective equipment when necessary. **These gloves should not be worn when operating machinery or power tools.** They may become caught in the equipment and cause injury.
