

Comprehensive Joint and Soft Tissue Support*

Super Joint+ is formulated with ingredients to help nagging joint issues and bolster the integrity of these important articulations.* Research suggests that supplemental glucosamine, chondroitin, methylsulfonylmethane (MSM), and hyaluronic acid can benefit cartilage integrity, reduce inflammation and fight oxidative stress in joints.*

Super Joint+ also provides crucial micronutrients to support total joint health, including vitamin C, manganese, and Green Lipped Mussel (*Perna canaliculus*) powder.*

Benefits and quality differences of **Super Joint+** include:

- Promotes total joint health*
- Helps regulate synovial fluid concentrations in articulations*
- Supports cartilage, tendons, and ligaments*
- Highly bioavailable ingredients and no GMOs or gluten
