PELICAN BAY DINING ROOM

*Christina del Real*

INTERIOR DESIGNER, NAPLES SHOWROOM

For the dining room in her client's penthouse, Interior Designer Christina del Real began with a color palette of muted tones. She chose a Lee Jofa wallpaper with a subtle design and an area rug that complimented the sophisticated color scheme. The round dining table featured a uniquely textured base. A soft green fabric was chosen for the dining chairs and custom drapery, and for the finishing touch, Christina added a dramatic chandelier. This client couldn't have been happier.

*Susan Salimbene*

INTERIOR DESIGNER, NAPLES SHOWROOM

A living room in Kaela Bay got beautiful makeover by our Interior Designer, Susan Salimbene. A grass wallpaper added an interesting element of texture with the rich color palette. Finally, she found a subtle embroidered lotus leaf fabric for the drapery... her client was thrilled!
