

AMELIA PARK

[WINES]

2023 AMELIA PARK TRELLIS Rosé

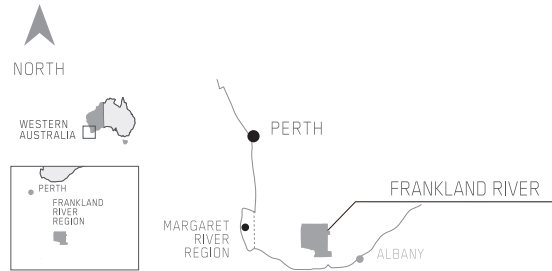

Varieties

Tempranillo, Grenache, Mourvedre

Region

Frankland River

Vineyards

We source a single vineyard in the Frankland River Region for this wine. This region is perfectly suited to producing many red and white varieties due to its continental climate combined with low vigour and moderate ripening conditions. A cool climate region which results in wines with elegance and structure.

Season

The 2023 was a long cool and late vintage, whilst the grapes were slow to gain flavour this allowed for gentle ripening and good retention of natural acidity.

Harvest Date

Mid March 2023

Winemaking

Harvested during the cool of the night, the juice is then soaked on skins for 5 hours prior to the juice being pressed off to a holding tank. Cold fermentation in stainless tanks ensures that the fruit flavours and aromas are conserved in the finished wine.

Analysis

Alcohol 12.5% TA 6.85 pH 3.23

Closure

Screwcap

Cellaring

3 years

Tasting Notes

A beautifully fragrant Rosé, with strawberry sherbet, pink grapefruit and rose petal notes. The palate is delicate yet textural, with refreshing watermelon and citrus. Lovely crisp finish. Delicious!

Tradition. Craft. Quality.
