

Website How to guide

How to use our websites - Ellis Clark Trains & Clark Railworks.

Firstly, why two websites? And what is the difference between them?

Ellis Clark Trains

We launched Ellis Clark Trains back in 2015 after the success of our eBay shop. This website quickly became known as a specialist website for finescale O Gauge and Gauge 1 (1:32 & 10mm). We continued to sell all other scales of model railways through our eBay shop and of course at

exhibitions.

Clark Railworks

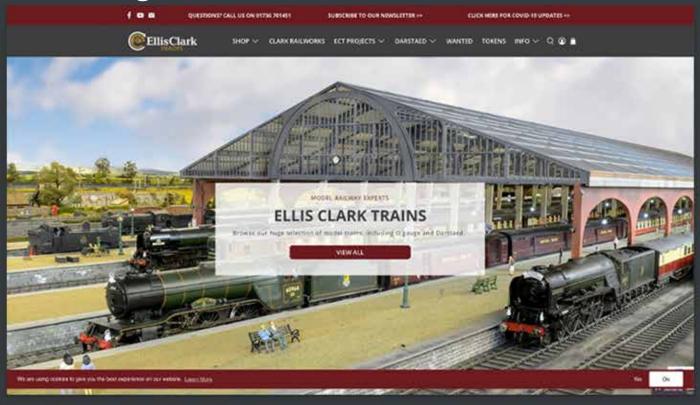

At the start of 2020 we decided to launch our sister site, Clark Railworks, which is where you will find all other scales of model railways, both new and pre-owned, that aren't Gauge 1 or finescale O Gauge.

We've broken this handy guide down into sub-headings to help you navigate through the various aspects and features of our websites, as we'd hate for you to miss out on any benefits you may not have been aware of!

Each section below refers to both websites, however there may be a couple of differences as products and information varies slightly. Rest assured, both websites follow the same general rules and have the same features working in the same way. For ease of use, I will be referencing ellisclarktrains.com.

Furthermore, we have produced this guide based on viewing our websites through a computer. Both are fully compatible with smartphones and tablets, again, the layout will slightly differ to fit the size of screen you are using

<u>1. N</u>avigation

When you enter our websites, you will land on our homepages, from here you can view many other pages located along the top menu bar. Some have drop down menus, such as 'SHOP' and 'INFO', others simply take you to a single destination.

If you hover over 'SHOP' you will see this drop down menu appear. From here you can start to narrow down exactly what it is you are looking for. For example you could narrow it down to all products by Peco, view all new arrivals, our 'Multi-Buy Discounts' page and more.

> Some sub menus can be narrowed down further. For example, if you click on 'British O', this will take you to another page of categories where you can choose categories such as 'Locos' 'Coaches' 'Buildings' and so on.

Info

Another drop down from the main menu is 'INFORMATION'. This contains more pages such as our About section, Exhibition dates, Gallery and more. There are also a few other pages here such as 'CONDI-TION' and 'WARRANTY', more on that later.

The search bar is another way to find what you are looking for. This is located at the top right hand corner of the screen as a magnifying glass symbol. Click on it and you can search exactly what you're looking for, such as 'Ellis Clark Trains Presflo' or 'Black 5' as a couple of examples.

2. Product

When you navigate to a 'SHOP' page, for example let's say you selected 'British O' and from there 'New and Pre-owned Recently Added' you will be presented with a page of items. You can then choose to further narrow your search by using the product tree located down the left hand side of the page. Lets say, for example, you wanted to look at coaches, by Darstaed, but only in Lined Maroon livery, you would select each one of these criterion, which would then present you with all Darstaed Lined Maroon coaches.

DESCRIPTION

ADD TO CART

Now in stock and available for immediate dispatch is one of the stunning Darstaed finescale O gauge Mk1 SLF coaches, finished in maroon livery.

This coach comes supplied un-numbered, with an A5 water-slide transfer sheet with preset running numbers and individual numbers/prefixes.

Want to see a video of the coaches running? Click HERE

As information and updates can change regularly, we have made a section of the website dedicated entirely to the Darstaed finescale range of products. For more information on this item, spares and accessories, see the 'Darstaed' page found on the main menu.

ADD-ONS

If you require a screw link coupling for one end of the coach then please let us know in the notes section when ordering and we will include one free of charge.

All brake-end coaches come supplied with two removable gangway end shields (which cover the magnetic couplers).

SPECIFICATIONS

Newly tooled, scale Mk1 bogies and wheels

Scale length with full finescale detailing

Finely detailed etched brass sides, professionally painted

Flush glazing

Fully detailed metal under-frame

Kadee automatic buckeye couplings fitted as standard (link couplings available on request by adding a 'note' to your order, or calling the

Detailed interiors with lighting (works by taking track power from both DC and DCC layouts)

Magnetic coupling corridor connections

Capable of running on Peco 2nd radius curves (40.5") - although corridor connections may not stay fully coupled

Sprung metal buffers

A description of the item for sale, running condireference number.

4. Bundles

Another great feature we have on the website is the 'Bundles' page. This, essentially, is a page of coach rakes, trains, multiple wagons and other train formations, all of which have a bulk buy discount applied.

To use this feature, or to see what we currently have on offer, hover over 'SHOP' on the main navigation bar, then under 'QUICK NAV' click on 'Multi-Buy Bundles'. This will take you to all the current bundles we have on offer.

Once you have selected all the items you want within your bundle, scroll down to the bottom of the page and click 'Add Bundle to Cart'.

Once on the 'Multi-Buy Bundles' page you will see numerous options, these will allow you to create bespoke rakes of 3/4 Suburbans, Mk1's or Bogie Tankers, as just a few examples. Each of these bundle packages will allow you to mix and match coach/wagon rakes to suit your layout, including mixing liveries.

Simply click the 'ADD' button (located underneath each individual items picture) to add it to the bundle. To remove one, under the 'ADD' button where it displays the quantity, select the '-' symbol.

5. Tokens

Points = Prizes!

Named after tokens collected by train drivers before entering a single track line (and what many railwayana enthusiasts collect today), Tokens is our brand new rewards system that we have launched on our website ellisclarktrains.com!

It is a new way to reward you for visiting sharing and shopping with ourselves in the form of points.

Here's how it will work...

- 1. Visit our website as you usually would
- 2. On the main menu click on 'Tokens' (top of the page, next to 'WANTED'
- 3. Sign in using your current email and password (the account details you are signed up to our website with), or if you don't already have an account, click 'Create Account'

That's it! You're off.

There are different ways to earn points, with a tiered system for Silver, Gold and Platinum members, the more points you earn, the higher you go and the better your rewards!

You can earn points by liking our page on facebook, visiting the site once a week, having a birthday and of course, purchasing items.

Essentially, you receive 1 point for every 1p spent 100 points equates to £1 200 points being £2 2,000 points is £20 and so on...

There will also be occasions where certain products are worth more points alongside other incentives along the way!
