LIGHT

Light up the night and charge devices with innovative solar lanterns and phone chargers from LuminAID. These portable lanterns provide light and power for camping, emergency preparedness, and humanitarian aid. We've expanded the collection in 2024 with new solar lighting designs in unique shapes to brighten and enhance outdoor adventures.

Give Light Get Light

The Get Light Give Light program provides light to families in need for rescue, relief, and recovery in unstable environments. LuminAID lights sponsored for disaster and refugee relief will be sent to partner organizations and distributed to those in need to illuminate shelters, contact loved ones and provide safety.

SURVIVAL

Building on the popularity of our industry-leading emergency shelter category, we're excited to expand the Survive Outdoors Longer offering in 2024 with innovative new additions and improvements to our best-selling Escape program. Now more than ever, you'll be empowered to pack more than luck on every adventure.

NEW ESCAPE INSULATED PROGRAM

SOL's brand new Escape Insulated program takes the heat reflectivity and breathability of our industry-leading Escape product line and ups the ante with innovative Primaloft™ Silver Insulation in three supercharged new products - the Escape Insulated Poncho, Blanket, and Trail Seat. With durable and uniquely breathable weatherproof Tyvek exteriors and loaded with Primaloft Silver Insulation made from 100% PCR bottles, the Escape Insulated line brings the heat with 70% thermal heat reflectivity and protection from the elements (and the cold ground) when you need it most.

Advanced Insulation

Features Primaloft® Insulation which translates to better heat trapping and less bulk.

Escape™ Insulated Poncho ITEM: 0140-2003

SPORT UTILITY

Bridging the gap between SOL's best-selling Emergency and Escape series, our innovative new Sport Utility fabric pairs heat-reflective technology and lightweight durability in the new Sport Utility Blanket and Poncho.

Fully waterproof and wind resistant with a metallized interior that reflects up to 80% of thermal body heat, the Sport Utility Blanket and Poncho will keep you warm and dry in all conditions. Loaded with additional features - like integrated metal grommets for building an emergency survival shelter - this durable, versatile material is truly multi-functional and ready for anything.

NEW

Sport Utility Blanket

ITEM: 0140-1198

Features

Lightweight wind and waterproof material provides protection from the elements

Metallized interior reflects up to 80% of body heat

4 integrated metal grommets enables conversion to emergency shelter

Built-in shoulder clasp allows for hands-free use as a cape

Durable, multi-purpose material functions as a blanket, ground tarp, gear cover, tarp tent, and lean-to shelter.

Packs down small into stuff sack (includes tinder cord with rescue whistle)

NEW

Emergency Blankets

The SOL Emergency Blanket collection provides the lightest shelter options with the greatest thermal reflectivity. The material's silver lining provides 90% thermal heat reflectivity while also providing protection from wind, rain, and snow.

The bestselling SOL Emergency Blanket weighs less than 85g and is large enough to wrap around yourself, while the XL can fit 2 people. The Heavy Duty Emergency Blanket XL's design is enough to wrap around 2 people and withstand harsh, rocky environments as a blanket, shelter, ground cover, and more. SOL Emergency Blankets are a leading collection of ultralight multifunctional backcountry tools favored by pros and guides.

Emergency Blanket

Emergency Bivvies

The SOL Emergency Bivvy is the most lightweight and heat-reflective bivvy on the market. Weighing a mere 99g, this life-saving bivvy fits in the palm of your hand and can reflect 90% of your thermal body heat. The stuff sack has a tinder cord drawcord so you can start a fire in an emergency and an attached emergency signal whistle. The bivvy's taped seams and inherently waterproof and windproof material means the SOL Emergency Bivvy protects you from wind, rain, snow, and cold. Available in single-person or 2-person sizes, store the best-selling SOL Emergency Bivvy in your pack, emergency kit, and car so you're fully protected against the unexpected.

Fuel Free Lighters

Explore high and low, rain or shine, with the SOL Fuel-Free Lighter or Dual-Arc Plasma Lighter. Both lighters run on a rechargeable lithium-ion battery instead of fuel. A single charge provides over 100 ignitions at any elevation and in any weather. The rugged design ensures any bouncing or crushing won't cause damage. The Fuel-Free Lighter also has a 100 lumen LED light to help you find kindling in the dark and a strobe to signal for help. The Dual-Arc Lighter's slim design fits comfortably in your pocket. Windproof, waterproof, and adventure-proof – pack one of these lighters to pack more than luck.

Fire Lite™ Fuel-Free Lighter

ITEM: 0140-1243

Features

- 100 Lumen LED Light (low, high, strobe settings)
- Rechargeable with Included USB Charging Cable
- Waterproof and Windproof

Tinder Cord

The SOL Reflective Tinder Cord combines the multipurpose utility of paracord with a tinder core, an essential fire starting tool. When you need to start a fire, simply expose the inner cotton core and ignite. Available in 550 and utility diameters, Tinder Cord can be used the same way as you would any paracord such as lashing gear to your pack or raft, but it can then help light the backcountry stove at your campsite. Wrap tinder cord around areas where you want greater visibility for safety as the high visibility orange sheath has reflective elements. When using the SOL Reflective Tinder Cord, a 3-in-1 survival tool, you're packing more than luck.

Fire Lite™ Tinder Cord 550 Grade, 50 ft

Stoke™ Tools

The SOL Stoke Tools collection is more than just a set of knives. We chose the name Stoke not just because we are so excited about this collection, but also because these double as fire starters! Each tool has a tinder cord lanyard, a flint fire starter, and it all fits inside a heavy-duty nylon sheath. We chose 420 stainless steel to ensure rust-resistance and a sharp edge. The Stoke Tools are your go-to outdoor multitool collection.

Emergency Fire Blanket

Emergency Fire Blanket

ITEM: 0140-1151

The SOL Emergency Fire Blanket is a safe, effective, clean, and easy-to-use addition to an Emergency Kit. Made of 100% fiberglass, this blanket does not expire and smothers non-electrical fires-from bio-fuels to grease. Store this blanket in it's bright red pouch with easy-to-follow instructions at your campsite, hang it by the carabiner near your BBQ, in your kitchen, and in your car. In an emergency, wrap the blanket around yourself, a loved one, or a pet to protect them from flames. The SOL Emergency Fire Blanket provides fire safety wherever you are.

EVERY MOUNTAIN SERIES KIT CONTAINS WILDERNESS & TRAVEL MEDICINE EDUCATION, AND ALL KITS ARE ORGANIZED BY INJURY.

THE MOUNTAIN SERIES BAG DESIGN

THE DIFFERENCE

ORGANIZED BY INJURY, FOR FAST AND EFFECTIVE FIRST AID

Developed by Dr. Eric Weiss, the Easy Care First Aid System organizes our hospital-quality supplies and instructions into injury-specific compartments for fast and effective results, so anyone can confidently and quickly administer first aid.

QUALITY BRANDS, FROM THE INSIDE OUT

High-quality, branded components give your customers the medical solutions they need, from the brands they've come to trust.

WATER RESISTANT

Water-resistant outer zipper and 2x PU-coated 400. Denier fabric protect components from the elements.

A DOCTOR IN EVERY BAG!

This 4th edition comprehensive guide, authored by Adventure® Medical Kits Co-Founder Dr. Eric Weiss, has the most up-to-date wilderness medical information and gives key advice about preparing for trips, when to worry, and improvised techniques using the kit's contents.
