

# ProntoMist™

Centrifugal fans for 360 degrees of cooling.  
Available as free-standing tower or ceiling installation.

## **Features**

- 12" centrifugal fan blows air outwards for 360 degrees of cooling
- Shroud assists focus of input air for better recirculation
- Covers 400 sq. ft.
- Circulates 9100 cu. ft. of air per minute
- 1-speed, quiet operation
- Ceiling model has adjustable height
- 6 high-pressure, "Drip Free" misting nozzles
- Misting drops ambient temperature up to 25° F
- Fan operates with or without misting
- Pump not included (required for misting)  
*see back page for specifications*

## **Safety**

- Top and side grills surround impeller blades
- Height helps keep fan away from children

## **Application**

- Back yards and patios
- Outdoor kitchens and living spaces
- Outdoor public events
- Restaurants
- Warehouses
