BORDEAUX ALSACE

Rhone XL Planks

Rhone Hardwood offers the longest average length plank in the industry. In each carton of Rhone Hardwood flooring, at least 50% of the square footage will be represented as full-length planks. Most products in the industry will use the language “up to” but never specify how many long planks are provided in each carton. Longer planks provide greater visual continuity to your space and show the true unique beauty of mother nature.

LENGTH DESCRIPTION (23" - 71")
The diagram represents potential variations in color, grain and character of one full carton of material.

MORE COLORS AVAILABLE ONLINE

The BORDEAUX ALSACE & MEDOC COLLECTIONS are a combination of fashion, performance and value. Authentic French White Oak featured with a hearty SawnPly+™ wear layer and the revolutionary DuraArt+™ Performance UV Matte Urethane finish.

DuraArt+™ UV Matte Urethane

Represents the greatest advancement in urethane type finishes. A traditional polyurethane finish consumes wood grain, building up a shiny plastic layer on the surface of the floor. The Bordeaux Collection's revolutionary DuraArt+™ Performance UV Matte Urethane livens the grain and delivers the ultra-matte silky natural look of an oiled floor, with the enhanced durability and wear resistance of a multi-layer UV finish.
