SMART SOLUTIONS FOR BETTER DAILY PERFORMANCE

2024+

OUR VISION FOR SMART ITEMS 2024

Our direction is to choose the best multi-functional giveaways that can perform the features of 3 or more elements into one product that can be easily used and reused in our daily lives wherever we go.

Smart multifunction giveaways are promotional items or gifts that incorporate advanced technology and multiple functions. These products are designed to provide practicality, convenience, and entertainment to the recipients while also serving as effective marketing tools for businesses.

9 in 10 people can recall the name and logo on the giveaway.

79% of people research the brand.

83% are more likely to do business with the company in the future.

82% had a more positive impression of the brand.

52% of people will keep a promo item if it has good quality.

An average household owns 30 promo products.

THE FUTURE OF TECH ITEMS

Smart multifunction giveaways not only provide value and utility to the recipients but also create a positive brand impression. By associating their brand with innovative and practical products, businesses can enhance their visibility, increase customer loyalty, and generate word-of-mouth advertising.

These products are designed to provide practicality, convenience, and entertainment to the recipients while also serving as effective marketing tools for businesses.

SMART.MULTIFUNCTION.MODR.N.USABLE SMART.

SMART IDEAS IN THE CATALOG

our vision in 2024 is to reshape and revive the smart meaning behind every promotional product, choosing different materials, multifunction design, solving problems, easing the usage of any product to make every gift really add value for clients and make you stand out this year
