

Safety Data Sheet  
May be used to comply with  
OSHA's Hazard Communication Standard,  
29 CFR 1910.1200(g). Standard must be  
consulted for specific requirements.

U.S. Department of Labor  
Occupational Safety and Health  
Administration (Non-Mandatory Form)  
Form Approved  
OMB No. 1218-0072

## SECTION I - IDENTIFICATION

---

---

Product identifier: Alien Cum Base  
Relevant identified uses: Lubrication to aid in human sexual activities  
Supplier: Other Worldly Planets      Emergency telephone number: 256-808-8583  
PO Box 332      Telephone for information: 256-808-8583  
Meridianville, AL 35759      Website: www.OtherWorldlyPlanets.com

---

---

## SECTION II - HAZARD(S) IDENTIFICATION

---

---

Classification of the substance or mixture: Not classified; not a dangerous mixture according to GHS (Globally Harmonized System of Classification and Labeling of Chemicals).

### Label Elements

Trade name: Alien Cum      Signal Word: None  
Hazard statement(s): None      Pictograms: None  
Precautionary statement(s): IF ON SKIN: Gently wash affected areas with soap and water. Wash affected clothing before reuse. Seek medical attention if irritation develops or persists.  
IF IN EYES: Flush with clean lukewarm water (low pressure) for at least 15 minutes holding eyelids open. Remove contact lenses, if present and easy to do. Seek medical attention if irritation develops or persists.  
Description of any hazards not otherwise classified: Alien Cum is a non-hazardous product. Alien Cum is not a dangerous preparation according to 1999/45/EC. Alien Cum should be used in a clean environment. Bacterial contamination can occur by repeatedly subjecting Alien Cum to dirty environments or combining used Alien Cum with fresh Alien Cum.

---

---

## SECTION III - COMPOSITION/INFORMATION ON INGREDIENTS

---

---

Synonym(s): None      Molecular weight: Not applicable to mixtures  
Ingredient: Polyethylene Oxide      CAS number: Mixture  
Range: Proprietary      EC number/Index number: Not classified  
The exact concentrations of the above listed chemicals are being withheld as a trade secret as allowed by 29 CFR 1910.1200.

---

---

## SECTION IV - FIRST-AID MEASURES

---

---

### 4.1 – Description of first aid measures

Inhalation: If discomfort develops, remove to fresh air. Seek medical attention if irritation develops or persists.  
Skin contact: Gently wash affected areas with soap and water. Wash affected clothing before reuse. Seek medical attention if irritation develops or persists.

---

---

## SECTION IV - FIRST-AID MEASURES (CONTINUED)

---

---

Eye contact:	Flush with clean lukewarm water (low pressure) for at least 15 minutes holding eyelids open. Remove contact lenses, if present and easy to do. Seek medical attention if irritation develops or persists.
Ingestion:	No specific treatment is necessary since this material is unlikely to be hazardous by ingestion. Call a physician if pain or discomfort develops. If material has been swallowed and the exposed person is conscious, small quantities of water may be given to drink.
Protection of first-aiders	No special actions are required to be taken.

### 4.2 – Most important symptoms and effects, both acute and delayed

Inhalation:	No known significant effects or critical hazards.
Skin contact	No known significant effects or critical hazards.
Eye contact:	Exposure to airborne concentrations above statutory or recommended exposure limits may cause irritation of the eyes. Adverse symptoms may include the following: irritation and redness
Ingestion:	No known significant effects or critical hazards.

---

---

## SECTION V - FIRE-FIGHTING MEASURES

---

---

Extinguishing media:	Water fog, dry chemical, foam, or carbon dioxide. NFPA Rating 0-0-0	Unusual fire and explosion hazards:	None
Special information:	Hazardous decomposition products may be formed under fire conditions. Nature of decomposition products not known.		
Recommended firefighting procedures:	Do not use heavy stream of water. Firefighters subject to combustion products should use self-contained breathing apparatus. Containers exposed to flames should be cooled with water. Fire water runoff should be diverted from adjacent waterways. Product is high in viscosity (gel like properties).		

---

---

## SECTION VI - ACCIDENTAL RELEASE MEASURES

---

---

Personal precautions, protective equipment, and emergency procedures:	Evacuate personnel. Wear suitable PPE as described in section 8.
Environmental precautions:	Alien Cum is biodegradable and can be treated in sewage/wastewater treatment facilities. Do not discharge to surface waterways.
Methods and materials for containment and cleaning up:	Contain spilled material with sand, earth, or other spill containment. Clean up spill immediately, observing precautions in the Control Measures Section of this Safety Data Sheet.

---

---

## SECTION VII - HANDLING AND STORAGE

---

---

Precautions for safe handling:	Safety glasses and gloves should be worn. (See Section 8.) No special ventilation is required.		
Conditions for safe storage, including any incompatibilities:	Do not store containers in direct sunlight. Store in cool (36°F to 85°F), dry, area. Do not allow Alien Cum to freeze. Containers should be shaken or stirred prior to dispensing the product. When not in use, keep containers closed to prevent bacterial contamination.		
Advice on general hygiene practices:	Do not eat, drink, and/or smoke in areas of use. Wash hands after use.		

---

---

## SECTION VIII - EXPOSURE CONTROLS/PERSONAL PROTECTION

---

---

Exposure limits:	No exposure limit value known		
Ventilation system:	Not required	Personal respirators:	Not required
Skin protection:	Rubber, nitrile, or latex gloves are recommended. Cotton gloves are <b>not</b> recommended.	Eye protection:	Safety goggles with side shields or splash goggles. Contact lenses should not be worn.
Other protective clothing or equipment:	None required	Work/hygienic practices:	Do not eat, drink, and/or smoke in areas of use. Wash hands after use.

---

---

## SECTION IX - PHYSICAL AND CHEMICAL PROPERTIES

---

---

Appearance:	Mostly clear liquid	Freezing/melting point:	ca. 32°F (0°C) for water fraction
Lower/upper explosive limits:	Not applicable	Boiling point/range:	ca. 212°F (100°C)
Odor:	Odorless	Flash point:	Not applicable
Odor threshold:	No data available	Evaporation rate:	Similar to water
Vapor pressure (mm Hg):	No data available	% Volatiles by volume at 70°F (21°C)	<1% (ASTM D2369-01)
Vapor density (Air = 1):	No data available	Partition coefficient: n-octanol / water:	No data available
pH:	6.8	Auto-ignition temperature:	No data available
Relative density:	0.96 g/mL	Decomposition temperature:	No data available
Solubility in water:	Disperses	Viscosity:	ca. 250 cps

---

---

## SECTION X - STABILITY AND REACTIVITY

---

---

Reactivity and chemical stability:	Stable under recommended storage conditions.		
Hazardous polymerization:	Will not occur	Conditions to avoid:	None
Incompatible materials:	Avoid extended contact with uncured paint, or copper and its alloys. Also avoid contact with polycarbonate, acrylic, and polyphenylene ether (PPE) as Alien Cum may cause these plastics to craze over time.		
Hazardous decomposition or byproducts:	Decomposition through burning produces carbon dioxide, carbon monoxide		

---

---

## SECTION XI - TOXICOLOGICAL INFORMATION

---

---

Inhalation:	No data available	Skin contact:	Not an irritant
Ingestion:	Non-toxic	Eye contact:	Not an irritant
Chronic exposure:	No data available	Specific target organ toxicity - single exposure (GHS)	No data available
Aggravation of pre-existing conditions:	No data available	Specific target organ toxicity - repeated exposure (GHS)	No data available
Carcinogenicity:	Not listed as a carcinogen	IARC Monographs:	No
NTP:	No	OSHA Regulated:	No
Acute toxicity:	Non-toxic LD <sub>50</sub> > 5 g/kg (rats, oral)	IARC category:	None

---

---

## SECTION XII - ECOLOGICAL INFORMATION

---

---

Bioaccumulative potential:	No data available	Mobility in soil:	No data available
Ecotoxicity:	No data available	Other adverse effects:	No data available
Persistence and degradability:	All ingredients are biodegradable.		
Results of PBT and vPvB Assessment:	According to the substances' SDSs, none are PBTs or vPvBs.		

---

---

## SECTION XIII - DISPOSAL CONSIDERATIONS

---

---

Waste Disposal Method:	Not considered a hazardous material. Dispose of material according to any local, state, and federal regulations.
------------------------	--

---

---

## SECTION XIV – TRANSPORT INFORMATION

---

---

Land Transport ADR/RID and GGVS/GGVE (Cross Border / Domestic)	Not regulated	Air Transport ICAO-TI and IATA-DGR:	Not regulated
Maritime Transport IMDG/GGV Sea:	Not regulated	UN number:	None

---

---

## SECTION XV – REGULATORY INFORMATION

---

---

<b>USA</b>			
TCSA Status:	All ingredients are listed on the TSCA inventory		
SARA Title III, Section 302/303 Extremely Hazardous Substances:	None	SARA Title III, Section 311/312 Hazard Categories:	None
SARA Title III, Section 304 Hazardous Substances:	None	SARA Title III, Section 313 Toxic Chemical:	None
<b>Canada</b>			
DSL:	All ingredients are listed.	WHMIS Classification	Not controlled.
<b>EU</b>			
European Inventory of Existing Commercial Chemical Substances (EINECS):	The components of this product are on the EINECS inventory or are exempt from inventory.		

---

---

**SECTION XV – REGULATORY INFORMATION (CONTINUED)**

---

---

Chemical safety assessment: The primary substances in Alien Cum are listed in Annex IV of REACH.

---

---

**SECTION XVI – OTHER INFORMATION**

---

---

Date prepared: 2023-06-20

This safety data sheet is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. It is not meant to be an all-inclusive document on worldwide hazard communication regulation. This information is believed to be accurate as of the date issued. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent exposures, property damage, or release to the environment. No warranty is expressed or implied with respect to the information herein supplied, and no responsibility for injury to the recipient or third persons, or for any damage to any property is assumed.
