Our story

WIT Lamps - "Shaping the Future of Light"

WIT Lamps, the cool kids in the world of lighting, are making waves in India with the debut of the UBIQUA series. We're not your average lamp enthusiasts; we're lifestyle ambassadors, turning ordinary spaces into extraordinary realms. Embracing a mix of style and smarts, our mission is to redefine how you see lighting – it's not just a must-have, it's a proclamation of modern living. Partnering with design maestro Franco Pagliarini, we kissed goodbye to messy cables in 2017 with the world's first cordless rechargeable lamps.

Our approach blends rechargeable battery magic, LED wizardry, and charging base charm, giving you the freedom to place lamps wherever you darn well please. Imagine strategically placing lamps without being shackled by cables – it's like a lighting revolution in your living room. Plus, our commitment to design isn't just for show; it's about making your space safer, saving energy, and being a superhero for the environment.

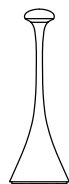

At WIT Lamps, we're all about making your daily life a little more awesome. Our lamps have turned homes, outdoor spaces, and hangout spots like restaurants and bars into well-lit wonderlands. Say hello to the UBIQUA brand – it means "everywhere" in Latin, and we mean it. Our current lineup, the UBIQUA series, is like the Avengers of lighting – each lamp a superhero, blending design and tech like a dream.

Ready to step into a world where WIT Lamps isn't just about lighting up a room? We're in the business of crafting experiences, transforming spaces, and inviting you to join the coolest lighting revolution in town. Explore our lineup, let the UBIQUA series flip your perception of light, and let WIT Lamps light up your life.
