Task Chair

UNA | 尤娜

UNA | 尤娜

UNA椅子，外观线条干净，不繁复，延续了ONMUSE品牌低调但有想法的设计理念。

The UNA chair has clean lines and is not complicated, continuing the low-key but thoughtful design concept of the ONMUSE brand.

TALKING | 拓克

皮质翻合式的包包的设计理念，追求车缝线处理与椅子整体细节的高度匹配，在皮面上做压花logo处理更体现了皮革包包对细节以及皮牌辨识度理念及追求。整张椅子的效果呈现出简约大方且挺拔的模样。

The design concept of the leather-folding bag pursues a high degree of matching between the stitching process and the overall details of the chair. The embossed logo treatment on the leather surface further reflects the leather bag's concept and pursuit of details and leather brand recognition. The effect of the entire chair presents a simple, generous and upright appearance.

BE-CHAIR |

original import
 black nylon chair frame
 flexible seat, elastic seat
 cloth
 HP rotatable handrail
 adjustable seat height and
 depth
 standard air pressure lifting,
 without optional back
 support
 aluminum alloy 5-star foot
 with casters

- *原装进口
- *黑色尼龙椅框
- *伸缩性椅座、弹性座布
- *HP可旋转扶手
- *椅座高度、深度可调节
- *标准气压升降，未选配背部支撑
- *铝合金五星脚配脚轮

Make it easy for you to work and not be tired

CHAIR

ERGONOMIC CHAIR / TASK CHAIR / EXECUTIVE CHAIR

SK

× Design Story

The SK elegant office chair is working with a good functions that guarantee healthy and comfort. SK chair has a clean look which enhances the graceful lines, distinctive design and uncompromising functionality, which makes it a perfect seating option for well appointed office spaces.

These chairs are delicate in their simplicity, with artistic beauty at its best and humanistic care at the right time. In intense operation business, in fast-paced work, accompany you to plan, to show off your personality. This is the innovative part of the design. In addition, we also show a special

sense of aesthetics. Our chair doesn't have complicated lines, but has a simple ergonomic and geometric image. It is sharp, considerate, handsome, tough, and full of details, just like the new generation of working people, who gets rid of all forms of shackles, and pursues freedom and is creative and extraordinary.

Furthermore, our chairs have a passionate office culture, not a specimen displayed in a museum, but a continuous dialogue with people as the times change. Culture needs not to be isolated and protected, but to be truly felt and discovered in the workplace.

MOFUN

× Design Story

The Mofun chair which is accommodated by the diverse working population with new levels of all-day comfort, regardless of size, posture, or work mode. Research-driven, its ergonomic innovations provide total back support and respond to your every movement.

VILA

× Design Story

In order to create a good place to work from home, we are trying to make a good chair for you. Get yourself a chair that keeps you comfortable while you are working, which is very important for us to think about it. The Vila Chair is combined result of aesthetic line, clean out-look with quality design and experience, simple and comfortable.

KIDOL

× Design Story

Kidol is a smaller, unconventional simple chair that WEWORTH hopes to make a chair for your office, home, reading corner, children's house, meeting area, etc. Anywhere you need them, which was going into your life and it has become a part of your life. Smaller measure should be more flexible for moving around.

SHELLDER

× Design Story

The Shellder is designed as a streamlined office chair with a swivel Base. This task chair offers excellent comfort, which has a high-tech textile mesh plate that stretches between two side elements. This unique design is the perfect complement to every office environment.

TEEGAR

× Design Story

DOUBLE BACK offers better comfort & more support for your back and lumbar. Teegar elegant office chair is working with good functions that guarantee healthy seating comfort. It has a clean look which enhances the graceful lines work

NOXIM

× Design Story

This chair uses a new patterned mesh of innovative backrest construction which will provide you with a new sitting experience. Special design and engineering post-frame connection mechanism provides you the most comfortable environment and flexible motions. Easy installation will help you save time and earn profit.

DOTTI

× Design Story

With a very simple outline filled with a piece of joy and with the round line outline of poetic journey, the boring office time could have the pleasure of travel for a while, sitting on the chair, like dating with yourself.

Matching the independent foot pad chair, it opens a cozy space for your office, for your meditation, or just for taking a rest or do nothing, you can quietly charge for the spirit, enjoying the pleasure brings from the modern office.

BECCA

× Design Story

The designers want to be able to perceive and highlight the color of each person's personality through the seats and give everyone the options to choose, so there are different colorways.

The seat cushion is made of shaped cotton, long sitting without deformation, the air rod can be lifted to 300,000 times, PU wheels can be rubbed 100,000 times. It allows you to feel comfortable as much as possible after a dull work and warmth as well as the comforts of home.

VOGUE

× Design Story

The stylist not only pays attention to the comfortable degree concerning human body, but also gives it the sense of strength that moves forward bravely with the lines of bold atmosphere and solid wood grain on art, so that you can feel comfortable when you sit in every time. Imagining standing between boutiques, you can earn more warmth and emotion.

VOGUE x STAND DESK

SELINA

× Design Story

It seems that time has lost its significance here. It is full of relaxing enjoyment and delight for every moment after sitting in this chair. Its slightly curved back is perfect for a comfortable back, which is just ergonomic. The design of the whole chair also seems to put you in the Nordic bliss.

BURNET

× Design Story

The capsule-like sense of security wraps you, and this is the first experience brings to you. The pillow at the back of the head is just right for the busy mind to lean on and there is a small stool. The combination of the two parts can make you unwind after a long tired of working day.

FINNO

× Design Story

The rose-red design is particularly eye-catching. It can bring a touch of vigor and vitality in the relatively dull and monotonous office life. It can relax the eyes and invigorate the spirit, improve the efficiency of work and improve the pleasure of working process. In addition, the design of scientific structure is also conducive to improving work comfort.

LINEA

× Design Story

The beige color introduced into your eyes gives the impression that it is simple, generous, clean and low-key. The overall leather package is not only resistant to dirt, but also has a good texture. The height of the armrests on both sides conforms to ergonomic principles. When you feel tired and want to lean on one side to rest, you will find this height amazingly comfortable!
