

jOTBLOCK™ ARTIST SETS

Three by Three Seattle's ever-popular jOTBLOCKs are back with a new sturdy plywood base and functionally artistic twist. These new **jOTBLOCK artist sets** come complete with everything needed to design, paint, and sketch whenever inspiration strikes. Refillable paper pads and laser-cut plywood supply caddies tailored to each hobby keep tools close at hand, eliminating the need to hunt for supplies while ideas are fresh.

"I wanted to add permanence to our already well-rounded collection," says Gwen Weinberg, Head Designer.

"The layered plywood was an obvious choice, and the refillable pads make our **jOTBLOCK artist sets** a sound investment for years to come."

The **jOTBLOCK artist sets** come in three iterations:

- Drafting measuring 10.25 x 12.25 inches and featuring pads of graph and sketch paper and drafting tools;
- Watercolor measuring 14 x 15 inches and featuring thick watercolor paper and watercolor essentials;
- and Flat Sketchpad measuring 10 x 16 inches and featuring artist-quality sketch paper and 12 colored pencils.
