Third-party tested and certified

Independent laboratory load testing certificates and Declarations of Conformity are available on request. Please contact team@neverletgo.com.

DESCRIPTION

The Aero Pouch™ XL is the big brother to the standard Aero Pouch™ and is perfect for when you need that little bit of extra capacity. Featuring an innovative closure system that allows easy access to the contents but will automatically close in the event of a fall or if inverted, The Aero Pouch™ XL has Specifically designed to retain small parts, such as nuts, bolts, screws and nails. The Aero Pouch™ XL utilises Mega Mesh™ side panels to improve visibility drainage and ventilation. Two external D rings which are load-rated anchor points allow for secure attachment of lanyards or tools. The universal Quick Connect™ buckles on the rear of the pouch means that it can be quickly and easily fitted to a belt, harness or rail. The Aero Pouch™ XL is the safest option for handling small parts on-site and is an essential item for anyone working at height.

FEATURES

Unique valve system allows for easy access to contents but prevents anything from falling out
 Dual-layer Mega Mesh™ side panels provide improved visibility, drainage and ventilation
 Includes 2 integrated anchor points for convenient tool lanyard attachment
 Universal fit with Quick Connect™ buckles for easy attachment
 Rear D Ring allows for attachment via carabiner

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
