## STUDIO1851'S NEW THRIFTED COLLECTION

Sophomore Fashion Media and Marketing Major, Cameron Goodwin has recently brought in a curated thrifted collection with some vintage pieces to be shopped in our store! Goodwin says, "Thrifting was an opportunity to build my closet with pieces that few other consumers have. Vintage allows you to have a certain one-of-a-kind piece due to the age and different conditions of the garments". We are so excited about this new sustainable development in our store. Make sure to stop by and shop the collection!
