LOVE BIG AND SPREAD LOVE WITH STUDIO1851

BLACK HISTORY MONTH

studio1851 is committed to increasing awareness of social causes including diversity, equity, and inclusion. We are intentional in bringing in products that are sourced from businesses that are minority-owned, women-owned, made in the USA, and sustainable. We believe that Black Lives Matter every day of the year, but in celebration of Black History Month, we would like to highlight two products we currently have in store from Black Women-owned businesses. Come in and try our shower steamers and sugar scrubs!
