IMPORTANT SAFETY INFORMATION

This section contains important information about safety, handling, disposal, recycling, and warranty.

Notice!

Read all safety information and operating instructions before using the product. Keep the user manual for future use.

Thank you for choosing a product from SIRÈNE OOOONO ApS.

READ THIS FIRST

This leaflet contains important information. Please read it carefully to make sure that you understand and get the best out of your SIRÈNE.

This section contains important information about safety, handling, and operation.

Keep this leaflet for future use.

If you are just installing the device, this leaflet must be given to the SIRÈNE owner.

Please download the SIRÈNE app and follow the instructions.

Hazard Warnings

Failure to follow these safety instructions could result in fire, electric shock, or other injury or damage to the device or other property.

Keep this device out of reach of children under 3 years.

Be aware that alarms can be missed if the batteries run out.

Do not use or store the product near any heat sources such as naked flames, radiators, ovens, or other devices that produce heat.

Do not use household cleaners, aerosol sprays, solvents, alcohol, ammonia, abrasives, or compressed air for cleaning.

Do not expose the device to moisture.

Do not dismantle the product; there is a risk of electric shock. Tampering with or dismantling the device will void warranty.

Information on Product Safety

Failure to follow these instructions could result in damage to the device and void the warranty.

Do not expose batteries to fire or to direct sunlight.

Do not drop your SIRÈNE. Dropping onto a hard surface can damage it.

This device should not be used on aircrafts unless specifically permitted by flight personnel.

Do not use the device in areas where electronic equipment is prohibited.

If a serious incident occurs in relation to this device, contact the manufacturer and relevant authority.

If you encounter other problems with your device, contact the point of purchase, your local distributor, or the manufacturer.

Visit www.wearesirene.dk for contact information

EU Compliance Statement

SIRÈNE OOOONO ApS hereby declare that, in Europe, this product is in compliance with the directives and regulations listed below.

- Radio Equipment Directive (RED)

Symbols Overview

This symbol indicates the manufacturer.

With this CE symbol, SIRÈNE OONO ApS confirms that the product complies with the European Radio Equipment Directive 2014/53/EU, and Low Voltage Directive (LVD) 2006/95/EC, and meets EU standards for safety, and environmental protection.

This symbol indicates that the user should consult the instructions and this leaflet, before using the product.

This symbol indicates that it is important for the user to pay attention to the warning notices in the user guide.

This symbol indicates important information for handling and product safety

This symbol indicates that the product shall not be treated as household waste. Please hand over your old or unused product to the applicable collection point for the recycling of electrical and electronic equipment or return your old product to SIRÈNE OONO for appropriate disposal. By ensuring this product is disposed of correctly, you will help prevent potential negative effects on the environment and human health.
