# Unleash the power of conversation

with Signia Integrated Xperience

Welcome to a new era of hearing with Active Pro IX – an earbud on the outside, with Signia's game-changing prescription-grade technology on the inside - including RealTime Conversation Enhancement. It is an 'instant-fit', enables hands-free calls and streaming, and resists sweat and dust.

- **Reconnect with the conversation:** Signia Active Pro IX features RealTime Conversation Enhancement – a breakthrough technology that enhances what people are saying, even when they move around.
- **Premium earbud:** Its iconic earbud design makes Signia Active Pro IX a hearing aid unlike any other. Crafted to sit compactly in the ear, it's available in six colours - providing the ultimate wearer choice.
- **Ready for an active lifestyle:** Signia Active Pro IX is IP68-certified so you can enjoy an active life without worrying about the impact of sweat or dust.
- **All-day power:** Enjoy a full day of power! For added flexibility and convenience, charge on-the-go with the portable wireless charging case, which contains an integrated battery bank that holds three additional charges.
- **Real-time fine tuning:** The AI-powered Signia Assistant intelligently customises your settings to match your preferences and environment, and is available 24/7 in the Signia App.

Experience the transformative power of real-time, dynamic conversation enhancement with Signia Integrated Xperience.

## Signia app – you're in control

Allow the easy-to-use Signia App to empower you on your hearing journey:

**Be in control** – Adjust the volume via remote control and tailor settings to your personal preferences with the Signia Assistant\*.

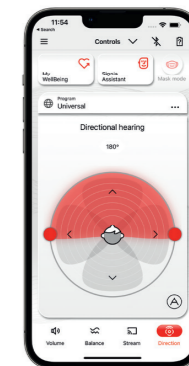

**Be confident** – Connect with your hearing professional via TeleCare\* and rely on quick answers in easy how-to videos with the Signia Assistant\*.

**Be healthy** – Keep track of your physical fitness and hearing activity with My WellBeing\*.

\*) Feature availability may vary according to e.g. hearing aid model, firmware version and TeleCare within your Audiology clinic.

Compatible with Android and iOS. The app is free of charge.

## Connect with optional accessories

### StreamLine TV

Direct streaming from your television in sound quality.

### StreamLine Mic

Hands-free phone calls, direct streaming, and remote microphone functionality in premium stereo quality.

### miniPocket

Discreet, convenient control of your hearing aids.

## A world of charging possibilities

### Standard Charger

Small desktop charger.

Product-specific versions available for Pure Charge&Go IX / T IX, as well as older generations such as Pure Charge&Go AX / T AX, Motion P X, Motion SP X

### Styletto Charger

Pocket-sized charging case with an integrated power bank that can fully charge a pair of hearing aids up to five times (Styletto IX) or up to three times (Styletto AX) before requiring a recharge and can be charged wirelessly (Qi).

Product-specific versions available for Styletto IX, Styletto AX, and Styletto X

### Silk Charger

Pocket-sized case with an integrated power bank that provides up to three full charges and can be charged wirelessly (Qi).

Use with Silk IX

### Multi-Charger

One charger conveniently compatible with the following hearing aids:

Pure Charge&Go IX / T IX, Pure Charge&Go AX / T AX, Motion P X, Motion SP X

### Pure Portable Charger

Pocket-sized charging case with an integrated power bank that can charge a pair of hearing aids up to three times before requiring a recharge.

Compatible with Pure Charge&Go IX / T IX, and Pure Charge&Go AX / T AX

### Active IX Charger

Pocket-size charging case with an integrated battery bank that can charge a pair of devices three times before being recharged.

The charging case can be charged wirelessly or via USB-C cable.

### Pure Dry&Clean Charger

Not just a charger, it also cleans and dries the hearing aids to ensure peak performance. Achieve a complete UVC cleaning cycle in just 15 minutes.

Product-specific versions available for Styletto IX, Pure Charge&Go IX / T IX, Styletto AX, Pure Charge&Go AX / T AX, Motion P X, Motion SP X
