Endurolytes Fizz[®]

Delicious effervescent electrolyte tablets

- **Well-balanced, complete electrolyte replenishment**
- **Superior cramp prevention**
- **Only 10 calories per tablet**

Endurolytes Fizz is a convenient, refreshing way to replenish electrolytes for those who do not prefer to take capsules. Simply add the rapidly dissolving tablets to your water bottle to create a delicious, effervescent electrolyte drink.

USAGE: During exercise lasting 2 hours or more, or for any physical exertion in, or exposure to, warmer temperatures and/or humidity
Prior to exercise or racing: Drink 1 serving 30-60 minutes prior to exercise
Throughout exercise/racing: One-half tablet per 50-60 lb of body weight hourly. Alter as needed.
As part of recovery after exercise: Drink 1 serving to replenish depleted electrolytes.
How to use: Add Endurolytes Fizz tablets to your water or fuel bottle(s), allow tablets to dissolve completely, and consume as needed for proper hydration and electrolyte levels. 1 tablet = 2 Endurolytes capsules

Our Customers Say It Best

"Endurolytes Fizz is convient and easy to use anywhere. I tend to sweat a lot and need all of the electrolytes I can get to keep me from cramping up. It tastes great and gives you a complete electrolyte profile. I highly recommend Endurolytes Fizz!"
